Learning and Literacy in Medieval England and Abroad

Sarah Jones

How did humans comprehend what they knew, and research what they learnt? As Derek Pearsall's creation makes transparent this can be the first concentration of this choice of essays released in occasion of the 30th anniversary of the root of the Centre for Medieval experiences on the collage of York. the training fabrics integrated diversity from grammar books to secret plays, and from court docket documents to Learning and Literacy in Medieval England and Abroad monastic chronicles, in addition to liturgical and devotional texts. however the essays are usually not in simple terms inquisitive about texts alone, yet with the wider and sometimes fluid social environments during which studying took place. a number of the papers as a result query the validity of a few differences habitually utilized in the dialogue of medieval culture, corresponding to the Learning and Literacy in Medieval England and Abroad competition among orality and literacy, among Latin and the vernacular or among secular and religious. All yet one of many members are literary students and historians who accomplished their post-graduate paintings on the collage of York. they're Joyce Hill, John Arnold, Linda Olsen, Janet Burton, Patricia Cullum, Katherine Kerby-Fulton, Deborah Cannon, Pamela King, and Stacey Gee. Katherine Zieman, even supposing no longer a York graduate, is a so much welcome contributor to the volume.
