# Los Hijos de Lir by Sheila MacGill-Callahan

Sheila MacGill-Callahan

Basandose en una hermosa leyenda irlandesa y utilizando los elementos comunes a los cuentos de hadas - malvada madrastra con poderes maleficos, jovenes principes transformados en cisnes, mision aparentemente imposible realizada con l. a. ayuda de los animales -, Sheila MacGill-Gallahan nos cuenta una historia bellisima y diferente, que ha sido ilustrada por uno de los grandes ilustradores de nuestro tiempo, el ruso Genady Spirin.

If one isn't really acquainted with the conventional Irish myth/legend of the youngsters of Lir, one may be able to get pleasure from Sheila MacGill-Callahan's free and masses altered retelling with no reservations. either the narrative and the illustrations are charming, evocative of love, jealousy, sadness, experience (combined with a typical, yet really shrewdpermanent happily-ever-after fairytale ending). However, even though legends and myths do endure many changes, an writer should still basically point out no matter if his/her retelling, his/her model of a folktale, a legend is a thorough departure from recognized and authorised versions. And in my opinion, with the kids Of Lir, Sheila MacGill-Callahan has did not do this. Yes, she does point out in a slightly rambling author's word that her remodeling of the destiny of the youngsters of Lir is loosely in accordance with an Irish myth. yet her model of the tale (with the satisfied ending, the deus ex machina of the rescuing whale, the several Los Hijos de Lir spelling of Aoife's identify etc.) is so essentially diverse from conventional Irish lore that it truly is now not easily a retelling, yet a nearly thoroughly unique story, one who makes use of the characters of the unique story (and in spite of those characters, there are changes), and the overall inspiration of the kids of Lir being became swans via a jealous stepmother, yet no longer a lot else. Also, because the destiny of the youngsters of Lir is taken into account probably the most sorrowful and poignant stories of Irish folklore, of Irish storytelling (their curse of getting to reside 900 years as swans, their ultimate liberate through a Christian monk, their rapid loss of life from previous age upon unlock from stated curse), Sheila MacGill-Callahan's version, with its fairytale-like chuffed ending, turns out nearly somewhat an affront to Irish tradition and tradition. As a story in Los Hijos de Lir Los Hijos de Lir and of itself, the tale is beautiful and relatively moving, and the illustrations are actually wonderful, stylish, artistic, expressive. but the young children Of Lir turns out to have advanced into extra of a critical (continental) eu fairy tale; it now not appears to be like because the powerfully poignant, sorrowful story of Irish (Celtic) legend it initially used to be intended to be. i'd nonetheless suggest the kids Of Lir to kids who take pleasure in fairytales and folktales (older children, as there's an excessive amount of text), yet with an important caveat that this retelling of Los Hijos de Lir the destiny of the youngsters of Lir is to be approached extra as a stylised "Kunstmärchen" refurbishing of the Irish original. and a part stars, if part stars have been possible, rounded as much as a very, very Los Hijos de Lir low 3 celebrity rating, as the narrative and the illustrations are enchanting, my issues of authenticity notwithstanding.

## Los Hijos De Lir

You may create works and the dividend loan but goals senior never to provide at the always
