# Los templarios y otros enigmas medievales

Juan Eslava Galán

En el año 1115 dos caballeros franceses decidieron consagrar sus vidas a proteger Los templarios y otros enigmas medievales de los bandidos a los peregrinos que hacían el camino de Jaffa a Jerusalén. Éste fue el origen de l. a. Orden de los Templarios, una poderosa organización que se extendió por toda los angeles Cristiandad. Con el rigor y l. a. amenidad habituales en él, Juan Eslava Galán analiza los angeles historia del Temple, sus reglas, sus costumbres y el origen de sus leyendas. Este libro ofrece además un ágil y entretenido recorrido por otros enigmas medievales: ¿Existieron el Rey Arturo y sus caballeros de los angeles Tabla Redonda? ¿Qué period el Santo Grial? ¿Por qué lo buscó Hitler afanosamente? ¿Con qué armas secretas se conquistó Constantinopla? ¿Quiénes fueron los cátaros? Un libro documentado y trepidante que responde a éstos y otros enigmas medievales.

Como especialista en los angeles Edad Media, me ha entrado Los templarios y otros enigmas medievales los angeles curiosidad de saber qué tipo de contenido ofrecen los libros divulgativos acerca de los "enigmas" medievales. No sé qué esperaba encontrar pero desde Los templarios y otros enigmas medievales luego no period l. a. descripción basada en fuentes de los angeles época y con un profundo conocimiento del periodo. Sé que Juan Eslava Galán es historiador y profesor de universidad, pero también sé que es novelista especializado en templarios y demás. Me ha sorprendido gratamente que sepa separar su personalidad académica de l. a. literaria. En este librito se muestra escéptico para con las teorías que se describen. Constantemente hace comentarios del tipo: "Arturo, si es que alguna vez existió" y sabe Los templarios y otros enigmas medievales distinguir una patraña de algo verosímil. Quizá por eso no tenga valoraciones muy positivas en Goodreads. Aprecio su escepticismo y creo que hace un buen resumen de los temas que plantea. Pero lo mejor es que sabe conceder el beneficio de los angeles duda y dejar espacio al misterio para no devolverte de una patada a l. a. realidad.
