Make Your Own Dinosaur Out of Chicken Bones: Foolproof

Instructions for Budding Paleontologists

Christopher McGowan

most folks might giggle when you instructed them you have been having a dinosaur for dinner. yet you can. simply because birds advanced from dinosaurs, says popular paleontologist Chris McGowan, that poultry from Sunday's supper is a right away descendant of these fearsome and perennially well known "terrible lizards." to teach this courting and provides readers a unique, hands-on advent to the rules of paleontology, McGowan has devised a deliciously shrewdpermanent technological know-how venture that children of every age can relatively sink their enamel into -- the production in their own dinosaur skeleton. a number of illustrations consultant readers step by step throughout the technique of taking the bones of 3 chickens, a few wire, glue, toothpicks and some different loved ones items, and construction a version even the Museum of usual historical past could admire. As they gather their Apatosaurus skeleton, budding scientists will study real-life paleontological practices in addition to evidence approximately evolution, anatomy, and, of course, dinosaurs. that includes 3 recipes for poultry soups and salads to make sure that the bird meat is positioned to stable use, "Make your individual Dinosaur out of poultry Bones" is the best deal with for dinosaur fans of all ages.
