Mister Satan's Apprentice: A Blues Memoir

Adam Gussow

Adam Gussow grew up in suburban big apple and graduated in 1979 from Princeton, the place he's presently a Ph.D. candidate--a relatively usual historical past for a white blues fan. yet Gussow took his obsession with the blues additional than such a lot while he all started blowing harmonica at the long island urban streets within the mid-'80s besides talented African American musicians. Nat Riddles, a near-contemporary and fellow harp player, helped Gussow hone his procedure (this is the resource of many earthy jokes approximately what else harmonica males do good with their tongues), and Mister Satan, a miles older guitar man, imparted lifestyles classes as well. Gussow's funny, Mister Satan's Apprentice: A Blues Memoir impassioned memoir chronicles the starting to be luck of devil and Adam at blues gala's and on albums whereas poignantly depicting Nat's conflict with leukemia. the writer is wildly romantic in regards to the tune (described in passages of intense, charging prose) and very clear-sighted concerning the racial tensions simmering in an paintings shape created by way of Mister Satan's Apprentice: A Blues Memoir blacks yet more and more listened to and performed via whites. Alternating sections Mister Satan's Apprentice: A Blues Memoir describing collegiate musical studies and a love affair that at last broke up in 1984 are much less fascinating, yet it is a relocating tribute to "our American music, the simplest within the world." --Wendy Smith

devil and Adam used to play in a bar the place I worked, in Philadelphia, in a earlier life. They have been simply the most fascinating and weird acts ever to blow via that seedy roadhouse...and one among my favorites to date. as soon as i discovered out Adam was once pursuing a PhD in literature at the side, I built a full-blown crush. To my gigantic delight, we exchanged a number of emails, commonly concerning African American literature...but I knew he used to be wayyy out of my league. many years after I hand over operating at that specific bar, Adam again to Philly with a purpose to advertise this book. As I stood in line, looking ahead to my copy, i used to be taken care of to at least one of his smiles, and a signature: "Jill, thank you quite a bit for the e-mail conversations!" useless to say, i used to be giddy for days! nice learn and a good band...not to say a swell man to boot.
