Monkey in the Middle: A Novel by Josh Pryor

Josh Pryor

A wild and interesting read, Josh Pryor's *Monkey in the Middle: A Novel* is a futuristic satire of Kurt Vonnegut, the edgy neo-noir of Jonathan Lethem, and the maniacal narrative cost of Chuck Palahniuk. Set on the cusp of the longer term at the seedier facets of Los Angeles, *Monkey in the Middle* is a suspenseful and hilarious story of reckless genetic engineering, post-traumatic tension disorder, and tainted love. Besmirched by way of his participation within the botched Operation Slay Dracula—an intricate undertaking to assassinate Saddam Hussein—down-and-out Gulf battle veteran Dutch plant life returns to L.A. with a foul case of "compassion fatigue"—and acute paranoia. After scraping by means of for years as a small-time deepest investigator, he lands a profitable activity with a mysterious genetics study company investigating the homicide of a lab chimp at their Sapiens Trial Facility, or STF, a kind of hybridized ecosystem—Brave New global meets *Monkey in the Middle: A Novel* the Biosphere. The project leads him right into a labyrinth of darkish streets, unusual clues, and ominous characters. Meanwhile, his marriage is falling apart, and Saddam Hussein has dispatched a cross-dressing murderer nicknamed Mr. great to place him out of his misery.

the best volume of aspect in a ebook says Ray Bradbury. each web page i'll photograph each detail. not just was once this a good publication yet Josh is an grand teacher. top English literature and artistic writing periods i've got ever taken
