## No Man's Land (Frank Corso #5) by G.M. Ford

G.M. Ford

Meza Azul Correctional Facility, Arizona is designed to carry the worst number of criminals within the USA. it's No Man's Land (Frank Corso #5) also prided through its founders for being a hundred percent break out proof. So it's with combined horror and disbelief that Governor James Blaine discovers 'lifer' and ex-Navy submarine captain Timothy driving force has one way or the other controlled to take regulate of the protection and surveillance platforms and start freeing his fellow prisoners. First to go away his phone is the loopy Cutter Kehoe, and jointly those hugely risky males are quickly armed and retaining hostage 163 legal staff. Then driving force makes a unmarried call for - that Frank Corso is dropped at him in person, or he No Man's Land (Frank Corso #5) and Kehoe will shoot one felony protect each six hours. By the time Frank Corso enters Meza Azul the insurrection has escalated out of control, and driving force and Kehoe provide Frank no selection yet to hitch them of their fantastic break out . . .

[Achtung, Spoiler!] Rasant. No Man's Land (Frank Corso #5) Blutig. Gewalttätig. Das ist wohl das erste, was once ich zu diesem mystery sagen kann und es ist das, was once ich gern und häufig lese. Dennoch muss ich No Man's Land (Frank Corso #5) von Anfang an sagen: Es gibt weitaus bessere und guy hätte auch aus dieser Idee No Man's Land (Frank Corso #5) mehr machen können. Zu Anfang wird guy bereits mit sehr vielen Namen bombardiert. Die Handlung springt immer wieder zwischen den unterschiedlichsten Personen hin und her und guy muss wirklich ständig gucken, wer nun eigentlich wer ist und wie er zu den anderen Personen steht. Dieses Durcheinander und die teils verworrenen Beziehungen lösen sich erst nach einer Weile auf und es dauert seine Zeit, damit zurecht zu kommen. Immer wieder wird guy mit abgehackten, seltsam klingenden Sätzen konfrontiert, bei denen guy sich das eine oder andere Mal fragt, ob das von Autor so gewollt ist oder ob der Übersetzer hier einfach eine schlechte Arbeit No Man's Land (Frank Corso #5) geleistet hat. Hinzu kommt, dass vor allem am Beginn des Buchs die Handlung immer wieder zwischen der eigentlichen Storyline und diversen Rückblicken springt. Es ist teilweise ernsthaft kompliziert zu verfolgen, inwieweit guy nun die Vergangenheit liest und used to be jetzt zur eigentlichen Handlung gehört. Zudem ist mir aufgefallen, dass das Buch immer wieder Fachbegriffe enthält. In Bezug auf die genutzten Waffen ist das ja verständlich, aber wenn es um Personengruppen geht, die da mit irgendeinem Spezialbegriff betitelt werden, muss guy wirklich gucken, used to be damit nun gemeint ist. Teilweise hätte ich mir wirklich ganz gerne einen Begriffskatalog gewünscht, da ich mit einigen der Begriffe nun wirklich nichts anfangen konnte und ich daher mein Lesen unterbrechen und erst mal nachschlagen musste, was once dieses oder jenes nun bedeutet. Das fördert das ruhige Lesen nun wirklich nicht. Stellenweise struggle auch der Inhalt recht verwirrend. Beispielsweise die Szene im Kasino. driving force bedroht Corso mit einer Waffe, damit er keinen Ärger macht, und trotzdem lässt motive force ihn kurz darauf laufen, nachdem Corso zu ihm meinte, er würde ihnen (Driver und Kehoe) etwas Zeit geben. Ich habe die Stelle mehrfach gelesen und sie nicht wirklich verstanden. Vielleicht stand ich an der Stelle einfach auf dem Schlauch. Wäre möglich. Aber selbst als ich nochmal zu der Szene zurück geblättert und sie wieder gelesen habe, hat sich für mich daraus kein Sinn ergeben. Zusammenfassend kann guy sagen, dass G.M. Ford wirklich mehr aus dieser Idee hätte machen können, was once guy wohl

---

auch an meiner bisherigen Rezension ablesen kann. Dennoch battle das Buch recht spannend, wenn guy über die Mängel hinweg sieht, und ich battle recht überrascht, wie schnell sich das Buch gelesen hat. Das könnte jedoch auch wieder daran liegen, dass die Kapitel - immerhin fifty eight an der Zahl - sehr kurz sind und ich mir jedes Mal dachte: "Ach, komm schon, das Kapitel ist so kurz, das kannst du auch noch schnell lesen."
