# Norman Einstein: The Dis-Integration of Ken Wilber

Geoffrey Falk

Ken Wilber is the "long-sought Einstein of recognition research," having been generously considered as such because the overdue 1970s. Ken Wilber is "a genius of our times." Ken Wilber is "the world's so much interesting and optimum philosopher." Ken Wilber's celebrated principles have stimulated invoice Clinton, Al Gore, Jeb Bush, Deepak Chopra, Tony Robbins, and a bunch of alternative luminaries, non secular and otherwise. author Michael Crichton, management guru Warren Bennis, playwright Eve Ensler (The Vagina Monologues), alternative-therapist Larry Dossey, the Wachowski Brothers (directors of The Matrix), and a handful of rock stars have all lent their voices in aid of the "integral" community. but Ken Wilber, his possible legitimate theories of consciousness, and the more and more Norman Einstein: The Dis-Integration of Ken Wilber unquestioning neighborhood of "second-tier" non secular aspirants surrounding him and taking part in his fundamental University, are usually not what they seem to be. "NORMAN EINSTEIN" THE DIS-INTEGRATION OF KEN WILBER will exhibit you why the neighborhood round Wilber is being more and more known as a "cult," even by way of former individuals who've obvious it first-hand.
