Nuove avventure nell'ignoto by Robert Silverberg

Robert Silverberg

Nota: seconda parte di "The delusion corridor of Fame", l. a. prima è in "Avventure nell'ignoto" Celebri racconti del mistero scelti dall'Associazione degli scrittori americani di sf e delusion (SFWA) - a cura di Robert Silverberg. Lettore, benvenuto. Eccoti l'antologia che, in coppia con AVVENTURE NELL'IGNOTO (da noi pubblicato lo scorso anno), completa la rassegna dedicata al senso del mistero nella fantascienza. Insieme al "sense of wonder", infatti, c'è sempre stata un'altra componente fondamentale della sf: il gusto di ciò che è radicalmente nuovo, ai confini tra i mondi della scienza e quelli dell'ignoto. Questa antologia dimostra che tutti i più grandi autori di fantascienza ne hanno subito il fascino, producendo racconti e romanzi ricchi di enigmi che sfuggono a qualsiasi classificazione. Oggi, Robert Silverberg ha raccolto gli esempi più appassionanti di questa produzione, e il presente quantity ti offre altri sixteen capolavori dal 1939 ai giorni nostri. Spazia anche tu nell'altrove, in tempi antichissimi e dimenticati o in strani universi paralleli, insieme ai perfetti racconti di:
