

OK Go by Carin Berger

Carin Berger

In a global of go! go! go! go! go! it is time to stop! and discover a new way. Carin Berger's playful new photo e-book is a jubilant get together of going green.

This whimsical tribute to recycling and the surroundings is ideal for little toddlers and younger children. The booklet shouts Go! instantly and readers are off following brilliant crimson

activities vehicles as they race around the page, every one choked with unusual pointy nosed or beaked creatures. flip the pages and so they get extra crowded with vehicles, all smart and funny, yet all pouring out exhaust. finally the web page is just jam-packed with the note "go" repeating again and again again. Then come the darkish clouds of smog, filling the web page and a statement to Stop! The little creatures determine some ways that they could aid the surroundings and nonetheless get around. The phrases listed here are so extremely simple and accessible. Older young children will benefit from the fold-out web page with its brief rhymes approximately what to do to be extra green. more youthful childrens will benefit from the autos screeching around the page. Berger's illustrations, all performed in recycled materials, are very clever. Even the ultimate tips about the final web page are performed in a pleasant tone splendid for children. Berger has taken a posh topic and made it clear, smart and concise. a really profitable eco-friendly photo book, this may simply be included into preschool devices on nature and storytimes as well. applicable for a long time 2-5.

OK Go
