Sahar Hamouda

Tells the saga of a Palestinian relations residing in Jerusalem through the British mandate, and its destiny within the diaspora following the institution of the nation of Israel in 1948. This booklet indicates a urban of the Nineteen Thirties from a clean perspective: a sophisticated Jerusalem the place humans from a number of international locations and faiths worshiped, married and lived together.

Being invited to a consultation the place the writer brought her ebook definitely inspired me to Once Upon A Time In Jerusalem shop for a copy. What i discovered very touching was once seeing the true heroes of the book; the narrators, the mummy & the daughter (the author). Dr. Sahar is a widely known personality in Alexandria, but it was once my shock to determine she used to be of Palestinian foundation and he or she used to be truly telling her personal tale & her mother's story. not just Palestinian, yet from previous Jerusalem, from in the borders of Aqsa mosque ..... probably the most sacred areas on the earth for Once Upon A Time In Jerusalem us all. Such books are interesting to me! specially after having met the mummy too, who's a stunning type girl who controlled to maintain such a lot of info of her formative years stories to cross them to her daughter, therefore protecting HISTORY. genuine history, as Dr. Sahar said, is the only advised via the moms of their bed-time tales to their children, now not the heritage that's written through the conquerers, the winners in authentic historical past books. Once back she pointed out the "KEY to the DAR", the main symbolic icon of Once Upon A Time In Jerusalem the Palestinian cause. The homes weren't sold, as now we have frequently heard. They have been stolen & taken away via thugs known as Israelis. each Palestinian lady has the most important to her Dar in a sequence striking subsequent to her heart. no matter if you cannot see it, it's there! that is whatever i have discovered from Radwa Ashour's painful yet appealing 'Tantourieh'. Definitely anticipating studying this book, esp. after the fascinating advent the previous day & after assembly the heroes of the book.
