
One of Those Malibu Nights (Mac Reilly #1)

Elizabeth Adler

long island occasions Bestselling writer of Meet Me in Venice used to be only one of these Malibu nights, darkish as a velvet shroud, creamy waves crashing onto the shore, breeze tender as a kitten's breath....But while inner most Investigator to the stars, Mac Reilly, hears the sound of a One of Those Malibu Nights (Mac Reilly #1) woman's scream over the crashing waves, his low-key beach-bum way of life is modified forever. A beautiful, distraught girl donning just a black lace negligee stands within the doorway of a wonderful seashore house. In her hand, a gun, and it's pointed at once at him. Mac escapes her bullet, yet barely. who's that woman? Days later she's disappeared and the Smith & Wesson she nearly killed him with reveals its means into his car. Not so coincidentally, Allie Ray, megastar of the massive display and America's sweetheart, has additionally long gone missing. the 2 girls are connected, and Mac by surprise unearths himself twisted up in an online of deception. He's going to wish a few aid if he's going to resolve it all. This is the place Sunny Alvarez comes in. Sunny and Mac have an on-again, off-again relationship. in recent times it's been extra off than on. yet now he wishes her greater than ever. Together they cross on a quest that takes them from Southern California, to the shores of Mexico, to the streets One of Those Malibu Nights (Mac Reilly #1) of Rome, and the nation-state of France. All the whereas they're one step in the back of an elusive assassin and one step sooner than an actress who wishes not anything greater than to get lost....With Elizabeth Adler's trademark descriptions, plot twists, and impossible to resist characters, a type of Malibu Nights is beach-reading suspense at its best.

Tomei conhecimento deste livro através da divulgação de outros blogues. Os que lêem as opiniões que formulo, sabem que dou primazia à capa e à sinopse e ambas agradaram-me soberanamente. Aliás, as capas portuguesas desta autora são simplesmente "de comer e chorar por mais". Os capítulos pequenos permitem uma leitura rápida, mas confesso que demorei um pouco mais do que habitual. Pura e simplesmente, por preguiça. Adorei as descrições leves sobre os locais geográficos paradisíacos (Malibu, França, Itália...) e as personagens. Já tive o prazer de ir a Paris, mas também adorava ir até Itália e Los Angeles, neste caso, Malibu (ok, se pudesse, viajaria para todo o lado! Quem não o faria, não é?) e comprovar com os meus próprios olhos o glamour de que tanto falamos. Gostei da relação de Mac Reilly e Sunny Alvarez, que apesar de romântica, tem as suas picardias bem realçadas. Sunny espera, de uma forma obsessivamente engraçada, que Mac se decida a avançar na relação, mas neste caso, o ditado renowned "Quem espera sempre alcança" não se aplica. Pelo contrário, "Quem espera, desespera" assenta que nem uma luva. O casal vê-se envolvido numa trama, na qual também figuram, Allie Ray, a "namoradinha da América", o seu marido, Ron Perrin e a mulher misteriosa que aponta a arma a Mac. Adorei as personagens Ron e Allie e notei no blogue "As Histórias de One of Those Malibu Nights (Mac Reilly #1) Elphaba" que a administradora referiu que "após uma breve pesquisa por curiosidade, verifiquei fazerem parte de outros romances já publicados pela autora, o que faz todo o sentido.". Isto ainda me deixou mais curiosa. A vocês, não? Outro ponto que me fez gostar ainda mais da autora foi o facto de

não rondar apenas os investigadores principais, Mac e Sunny. Ao longo do livro, foi alternando, entre os capítulos, os passos de todas as personagens, tendo o cuidado de não revelar em demasia. O estilo da escrita da autora é descritiva q.b., dotada de diálogos cómicos, atrevidos, sérios, com suspense e alguns que nos fazem pensar na nossa existência. Estes últimos, passo a explicar melhor. A vida de uma *One of Those Malibu Nights* (Mac Reilly #1) pessoa famosa não é caracterizada unicamente pela fachada de “conto de fadas” que fazem questão de transparecer ao público. Tão depressa pode ser repleta da brilhantina do sucesso, como do vazio, pelo qual, a solidão de uma vida sem qualquer privacidade é responsável. E a determinada altura, por desespero, acredito que as figuras públicas ponderem sobre questões existenciais e prefiram o anonimato, como se verifica na história. Houve um aspecto que me intrigou e desiluiu um pouco, ao mesmo tempo. A sinopse refere um assassino e apenas no último terço do livro vemos isso acontecer. Isso despertou-me a curiosidade, mas houve alturas em que fiquei aborrecida por não ver um maior desenvolvimento desse aspecto. Entendi por que assim foi e admito que o meu desagrado talvez se deva à minha impaciência e curiosidade desmedidas. Vou pegar nas palavras da Isabel, de uma conversa que tivemos, este romance tem ainda uma componente que o torna mais desejável que não se vê muito nos seus outros romances: a investigação e suspense. Gostei do desfecho da história. Lembrei-me agora da máxima “tudo está bem quando acaba bem”. Ora, não vou revelar o final, mas embora não tenha sido pesaroso para as personagens principais, é óbvio que algumas não escaparam incólumes e intocáveis. E mais, não digo.
