# Paradise Screwed: Selected Columns by Carl Hiaasen

Carl Hiaasen

Kick Ass gave Hiaasen lovers a leap start. Now they get one other slice of Hiaasen heaven Paradise Screwed: Selected Columns in Paradise Screwed: a wide-ranging safari of South Florida's natural world in its usual Paradise Screwed: Selected Columns habitat-from fat-cat politicians to migrating mobsters, drowning Dolphins Paradise Screwed: Selected Columns to stray chads. This selection of Miami bring in columns-written with a satiric wit and biting humor-offers a glimpse of the evidence that inspire, and end up a long way stranger than, Hiaasen's frenetic fiction.

lovers of Carl Hiaasen's novels, which humorously indicate many of the foibles of residing in southeast Florida, won't detect that the writer sharpened his wit (and quite a few spears) through writing concerning the real-life escapades of Miami-Dade, Broward, and Monroe Counties (with occasional forays into Palm seashore county, Tallahassee or even Washington D.C.). "Paradise Screwed" collects a few of Hiaasen's columns from the Miami usher in in the course of the past due 1980s, the 1990s, and early 2000. such Paradise Screwed: Selected Columns a lot american citizens do not have heard of the politicians, public officials, developers, and different assorted, uh, let's in a well mannered way say "civic leaders" instead of the "goobers" that the writer might most likely prefer. However, if truth be told that everybody can photo a grasping developer who cares extra for his base line than for the surroundings – or for the legislation designed to guard the latter. everybody has a picture of a low-paid flesh presser who has controlled to stretch his source of revenue to permit for customized suits, luxurious automobiles, and unique housing. and everybody within the kingdom of a undeniable age recollects the fiascos of now not having the ability to verify who received the 2000 Presidential election as a result of a complicated poll – imagine "hanging chads" - in Palm seashore county. lovers of Hiaasen's fiction will most probably take pleasure in his tackle the occasions of the day – no matter if "the Paradise Screwed: Selected Columns day" happened twenty years ago. However, i discovered that i wanted to learn this publication in brief doses – there is in basic terms such a lot of brief tales approximately corrupt politicians i may soak up with out diverting my awareness in one other direction. At 418 pages, and columns taking approximately 1 0.5 pages each, it did take me particularly awhile in real-time to arrive the ultimate column within the book.RATING: four 0.5 stars, rounded as much as five stars (which is uncommon for me to offer to a set of reprinted materials).
