## Past Due (Carol Ashton Mysteries #10)

Claire McNab

Reproductive professional Dr. Brin Halstead has made particularly a reputation for himself. To admirers the charismatic physician is a visionary, his Halstead medical institution on the leading edge of genetic research, yet a breaking scandal has begun to color a really diversified photograph of a deadly enthusiast fidgeting with his patients' lives -- and the legislation of nature. When Halstead's physique is discovered, brutally bludgeoned and burnt past recognition, Detective Inspector Carol Ashton needs to persist with the bloody path down a slippery slope of greed, corruption, and murder.

The human cloning factor is heavily far-fetched, yet nonetheless total an excellent book.
