Penjelasan Sejarah by Kuntowijoyo

Kuntowijoyo

Dalam buku ini, berbagai konstruksi dan kronologi perdebatan sejarah dirangkum secara sistematis. Pada tiap bab, penulis membubuhkan daftar karya para sejarawan andal, tentu yang sesuai dengan topik. Dengan demikian, pembaca yang ingin mendalami lebih lanjut dapat merujuk pada daftar tersebut. Dengan begitu, selain pembaca bisa memahami konsep dan teori ilmu bantu Penjelasan Sejarah dalam diskursus sejarah, buku ini juga menarik rasa ingin tahu.

Sangat direkomendasikan untuk mereka yang baru mengenal "ilmu Sejarah" biar tidak "tersesat" dalam memilih Penjelasan Sejarah pendekatan dalam pembacaan dan penulisan sejarah. Disertai dengan contoh-contoh buku (karya) tentang bermacam pendekatan ilmu sejarah, buku ini sangat cocok bagi semua pemula yang berminat terhadap kajian sejarah. Pandangan penulis tentang ilmu sejarah juga menarik, wawasannya yang luas dan pengalamannya dalam riset sejarah dan kemampuannya menulis dengan bahasa yang sederhana membuat buku ini sangat istimewa. Setelah membaca buku ini setidaknya sedikit memberi peta pemikiran sejarah yang sebelumnya kebanyakan saya baca secara acak. Persoalan-persoalan antara dua macam perspektif strukturalisme juga dijelaskan, perbedaan antara mazab Annales dengan Marxisme yang determinis. Namun demikian, seperti halnya kelemahan sebuah buku "pengantar", ia hanya memberi peta, tanpa membicarakan secara mendetail setiap perdebatan bermacam aliran dalam pemikiran ilmu sejarah. Yang mengharukan, sang penulis belum selesai mengulas dua karya yang terakhir dijanjikannya namun terlanjur meninggal dunia karena jatuh sakit, yaitu karya Peter Laslett dan Samuel P. Hays. Buku ini benar-benar karya terakhir penulis untuk generasi muda peminat ilmu sejarah. Karena di period simpang siurnya gagasan-gagasan atas nama kemanusiaan, seorang pencari pencerahan bisa mudah "tersesat" tanpa bisa mempertimbangkan dengan hati-hati setiap gagasan yang diserapnya. Penjelasan Sejarah Karena setiap penjelasan sejarah adalah penciptaan mitos. Persoalannya, mitos apa yang akan kita pilih? di sinilah letak pentingnya buku semacam ini. Selamat menikmati.
