Personality Styles and Brief Psychotherapy

Mardi J. Horowitz

Written for therapists operating with humans in distress, this publication describes the hyperlinks among situation and character style, and gives a plan for drawing close circumstances with those connections in mind. The authors talk about how you can support sufferers study new coping strategies, regulate enduring attitudes, and enhance their relational patterns. The chapters define the historical past of short dynamic psychotherapy, describe a technique taken with present stressors, practice configurational research to case formula and review, and element 5 character types.

Personality Styles And Brief Psychotherapy
