# Persons of Consequence: Queen Victoria and Her Circle

Louis Auchincloss

half sociology, half royal gossip, this glossy, readable booklet follows Victoria from her submissive early life via her domineering reign. Auchincloss - a Wall highway attorney and novelist (The Winthrop Covenant) - paints the Queen as much less pompous than have earlier biographers. yet he's rather extra considering the courtly higher-ups round her and gives a non-Victorian, savvy lowdown. With its considerable illustrations, this can be a attention-grabbing advent to the era.

Any monarch is linked to participants whose impression they unavoidably will feel, no matter if that impact is sought by way of both sides or not. Victoria was once no exception via her lengthy reign, however the kind of individuals with whom she surrounded herself replaced as she elderly — and particularly after the demise of the Prince Consort, while the Queen went into near-seclusion. a few of those that had her ear were, naturally, aristocrats, and a few of these have been politicians, in particular Lord Melbourne in the course of her prior reign. Others got here from the higher heart class, like Disraeli (whom she admired) and Gladstone (whom she disliked nearly to paranoia). nonetheless others have been loved ones employees and servants, together with Sir Henry Ponsonby, her tactful inner most secretary, her doctor, Sir William Jenner (who was once thoroughly below her thumb), and John Brown, her rough-hewn "gillie" and private servant whom either the court docket and her personal childrens despised. And as her childrens grew up and married into eu royal and noble families, Victoria all started an excessive correspondence, specifically along with her eldest daughter, Victoria, mom of Kaiser Wilhelm II, who additionally attempted to steer British affairs via his grandmother in Persons of Consequence: Queen Victoria and Her Circle Persons of Consequence: Queen Victoria and Her Circle her final years. the writer brings his trademark recognition to aspect and feel of fashion to this excellent examine of the "off the record" part of a monarch's existence.
