# Pinocchio (Illustrated Edition) by Carlo Collodi

Carlo Collodi

The previous wood-carver Geppetto makes a decision to make an excellent puppet which could dance & flip somersaults, yet accidentally he chooses an strange piece of wood. the completed puppet can speak & misbehave just like the liveliest child. yet Pinocchio is courageous & inquisitive in addition to naughty. After a few hair-raising adventures, he earns his heart's desire.

A me Pinocchio ha sempre fatto simpatia, una simpatia istintiva e non ho mai trovato disdicevole che il suo più grande desiderio (almeno quello dichiarato) fosse di diventare un bambino vero: nessun bambino vuole distinguersi dagli altri consistent with los angeles sua diversità, non vuole essere additato in line with strada e non vuole diventare famoso come fenomeno da baraccone. Essere diversi, uscire dal coro e distinguersi in step with l'originalità delle proprie scelte è cosa che comincia advert avere un suo fascino nell'adolescenza e, comunque, non interessa a tutti. Ma ai bambini non interessa: vogliono essere come tutti gli altri; che poi si devono adattare alla loro eventuale diversità è cosa diversa da quello che possono desiderare. Il mio Pinocchio è prima di tutto quello dello sceneggiato television di Comencini trasmesso consistent with I. a. prima volta nel 1972 (ma ne ho visto una copy qualche anno dopo) e I. a. colonna sonora è incisa in modo indelebile nella mia memoria (per chi fosse curioso <http://www.youtube.com/watch?v=Bsb1-5...> ) Ho conosciuto poi il Pinocchio Pinocchio (Illustrated Edition) di Edoardo Bennato, un burattino che non apprezza I. a. propria liberta e make a decision di diventare un bambino vero: E adesso che ragioni come uno di noi i libri della scuola non te li venderai come facesti quel giorno in line with comprare il biglietto e entrare nel teatro di Mangiafuoco quei libri adesso li leggerai! (da "É stata tua I. a. colpa", E. Bennato 1977) Ho rimosso il Pinocchio di Benigni e mi astengo dal fare commenti su quello della Disney. Ma Pinocchio "vero", quello di Collodi in keeping with intenderci, che tipo è? in line with rispondere a questa domanda mi sono decisa a leggere il libro (forse rileggere anche se non ricordo di averlo mai letto da piccola) e sono rimasta abbastanza sorpresa nello scoprire che io sono un po' Pinocchio e, secondo me, lo siamo tutti. Pinocchio non è proprio un tipo ingenuo (come il suo omonimo disneyano), ma è abbastanza centrato su se stesso (ma quale bambino non lo è?), vuole fare solo quello che gli piace, che gli sembra interessante. in step with non compiere il suo dovere (insomma in keeping with disubbidire) si deve raccontare un sacco di frottole (lo faccio dopo, adesso non posso, nessuno lo saprà mai). Con me a volte funziona e se los angeles mia coscienza (il mio great lo, come direbbe il caro vecchio Freud) continua a disturbarmi, trovo il modo di zittirla. Ed è proprio quello che fa Pinocchio quando arriva il Grillo Parlante: lo prende a martellate e lo fa fuori! Che soddisfazione leggere che Pinocchio non è according to niente ossequioso nei confronti di questo fastidioso insettucolo che non si fa i fatti suoi! Ai miei occhi Collodi ha guadagnato mille punti. Certo I. a. coscienza poi torna anche sotto assorted forme: chiocciolate, serpenti, uccelli. Purtroppo in keeping with lui, però, quando mente alla fata (che è poi I. a. sua mamma adottiva) gli si allunga il naso e quindi Pinocchio (Illustrated Edition) non può proprio dire le bugie, o meglio non potrebbe perché lui ci prova lo stesso. Adesso andate indietro con I. a. memoria e ricordate cosa succedeva quando mentivate ai vostri genitori: lo capivano subito! E non perché i genitori sono dotati di superpoteri (ci piacerebbe, ma purtroppo non ce li danno) ma perché i bambini non sono bravi a dire le bugie e

quindi mamma e papà hanno vita facile (poi quando crescono è tutta un'altra storia.) Nonostante le sue scelte lo portino spesso in situazioni spiacevoli, Pinocchio non impara subito dai propri errori: sbaglia e risbaglia! Ecco, un'altra cosa in cui io sono come Pinocchio: ci metto un po' advert imparare, sono recidiva! Ma, come cube il vecchio adagio, Pinocchio (Illustrated Edition) "sbagliando si impara" e anche in questo caso si rivela l. a. saggezza dei detti popolari: le scelte avventate sono l. a. strada maestra che conducono Pinocchio a conoscere interessanti personaggi e a vivere mirabolanti avventure, imparando a cavarsela da solo; insomma senza una certa dose di ribellione difficilmente il nostro burattino avrebbe avuto una vita diversa da quella di Geppetto [ ovviamente, questo vale consistent with tutti ma non according to mia figlia]. Conosce Mangiafuoco e impara Pinocchio (Illustrated Edition) che anche i cattivi più cattivi possono commuoversi; incontra il Gatto e l. a. Volpe e impara a diffidare di chi dichiara di essere interessato al bene altrui ma, intanto, fa' i propri interessi; viene arrestato according to Pinocchio (Illustrated Edition) essere stato derubato e sperimenta sulla propria pelle lo scarto che può esistere tra l. a. giustizia e l. a. legge; si lascia convincere da Lucignolo a seguire los angeles carovana dei bambini verso il Paese dei Balocchi e impara che bisogna diffidare da chi ti propone di avere tutto e subito senza il minimo sforzo; dentro los angeles pancia del pesce-cane (non balena, quella è una mistificazione disneyana) ha l. a. possibilità di mettere a frutto ciò che ha imparato nel corso delle sue peregrinazioni (durate due anni da quello che ci cube Collodi) e assumersi los angeles responsabilità di se stesso e del padre. l. a. advantageous è los angeles parte debole della storia, affrettata e troppo pedagogica. Pinocchio però non è soltanto l. a. storia di un burattino che, a un certo punto (magari contro voglia), si ritrova grande: è anche l. a. storia degli adulti che di Pinocchio si prendono cura. Cambiando l. a. mia prospettiva di osservazione devo dirvi che, oltre che un po' Pinocchio, mi sento anche Geppetto e (meno però) Fata. Ho provato una grande tenerezza di fronte alla delusione di Geppetto che si aspettava riconoscenza da Pinocchio in keeping with avergli dato l. a. vita e, soprattutto, in keeping with i sacrifici che fa in keeping with lui privandosi del cibo e dei vestiti con l'intenzione di assicurare al figlio los angeles possibilità di istruirsi e di essere alla pari con gli altri ragazzi (eh si, i genitori fanno dei piani in line with i propri figli senza porsi il problema di quello che loro effettivamente vorrebbero, basandosi su quello che è il "loro bene"). È l. a. stessa delusione di molti genitori (tra cui io stessa) di fronte all'atteggiamento dei propri figli che non colgono l. a. volontarietà di alcuni gesti che si fanno nei loro Pinocchio (Illustrated Edition) confronti: insomma, cari figli, non è consistent with nulla scontato che i genitori facciano tanti sacrifici consistent with i figli. Pinocchio è egoista? Sì, come lo sono tutti i bambini, i quali non sono tenuti a interrogarsi troppo sulle scelte che fanno i genitori: los angeles consapevolezza delle rinunce fatte (piccole o grandi che siano, sono sempre rinunce) a loro favore arriva dopo e con questa, spero, anche un po' di gratitudine. Pinocchio (Illustrated Edition) Come Pinocchio anche io sono stata egoista con i miei genitori e ho dato in step with scontato molte delle cose che facevano in line with me, pensando che period loro dovere in quanto scritto in una sorta di contratto implicito stipulato al momento stesso in cui mi avevano voluta. Come Geppetto mi rendo conto che non c'è nulla di scontato ma si tratta di scelte: advert ogni genitore il compito di definire il delicato equilibrio tra il proprio Pinocchio (Illustrated Edition) ruolo genitoriale e le proprie necessità in quanto persona. La Fata che, a differenza di Geppetto, non raccoglie le mie simpatie: troppo comodo rispondere ai capricci e alle monellerie di Pinocchio scomparendo e, consistent with di più, facendogli credere di averne causato los angeles morte! Cara Fata nessuno (almeno da sessant'anni a questa parte) ci obbliga a diventare genitori e se tu non avevi mezzi farmacologici a disposizione sicuramente, servendoti dei tuoi poteri magici, i potevi

trovare un accordo con los angeles cicogna affinché evitasse di passare dalla tua dimora. Ammetto che anche a me, in Pinocchio (Illustrated Edition) certe situazioni, balena l'idea di andarmene e tornare quando mia figlia avrà smesso di lagnarsi o di fare richieste improponibili. Però (io come los angeles stragrande maggioranza dei genitori) non lo faccio e sto lì a sorbirmi le lagne (magari urlando, mica sono una santa), a gestire i miei sensi di colpa in keeping with qualche frase poco felice mischiata agli urloni e a lambiccarmi il cervello nel tentativo di trovare una soluzione accettabile che non metta a repentaglio los angeles mia autorevolezza (e, purtroppo, devo dirvi che spesso fallisco) e, nel frattempo, Pinocchio (Illustrated Edition) garantisca los angeles mia salute mentale mettendo a tacere l. a. pargola. Le vicende di tutti i personaggi sono narrate con un linguaggio elegante e con uno stile ironico di chi sa come va il mondo e non si fa' troppe illusioni. Se poi avete l'accortezza di prendere un'edizione illustrata (consiglio quella con le classiche illustrazioni di Attilio Mussino) il libro può Pinocchio (Illustrated Edition) diventare anche una gioia according to gli occhi (a me piacciono i libri illustrati!).
