Ulrich Beck

Este libro aborda con detenimiento y claridad el arduo y problemático tema de los angeles globalizacion: su polivalencia, su ambigüedad y sus dimensiones raras veces diferenciadas. Así, pretende descubrir trampas mentales y enseñar a eludirlas, pero sobre todo abrir el horizonte a respuestas políticas respecto al tema en cuestión. En el fondo de todo, sin embargo, overdue esta doble pregunta, a los angeles vez sencillísima y de una gran complejidad: que Que Es La Globalizacion? es l. a. globalizacion? y como configurarla políticamente? Así, a los angeles sombra de este ensayo han surgido dos tendencias críticas en las que se documentan y presentan diversos hilos temáticos, experiencias y controversias sobre l. a. globalizacion, con los angeles ayuda Que Es La Globalizacion? de textos clásicos y Que Es La Globalizacion? recientes: por un lado, l. a. política de los angeles globalizacion; por otro, las perspectivas de los angeles sociedad mundial: sus controversias, conflictos y paradojas. Pero los motivos de fondo, en fin, continúan siendo los mismos: los angeles perdida de los angeles soberanía del Estado nacional entre l. a. economía mundial y l. a. individualización, el surprise de l. a. globalizacion como debate eternamente aplazado, l. a. apertura del horizonte mundial hacia l. a. sociología de l. a. globalizacion, el surgimiento de una imaginative and prescient cosmopolita en los angeles sociedad civil transnacional, los interrogantes sobre nuevas perspectivas conjuntas en torno a los angeles sociedad mundial... Toda una serie de cuestiones que l. a. obra de Beck ayuda a aclarar y dilucidar con un estilo ameno y sencillo que en ningún momento excluye l. a. seriedad y el rigor.

For a publication that's speculated to examine globalisation it was once tremendous eurocentric and an ideal instance of hypocritical liberal racism. it is research of Africa and of the african diaspora used to be tremendous short and in response to entire contempt (the africans don't have any tradition narrative). I supply it 3 stars simply because i believe it certainly had attention-grabbing stuff to say. but the writer fell into the seize of inheriting eurocentric perspectives of the remainder of the world, like such a lot of different western scholars.
