Prudence J. Jones

analyzing Rivers is the 1st ebook in a brand new Reading Rivers in Roman Literature and Culture series: Roman Studies: Interdisciplinary Approaches. writer Prudence Jones examines rivers as a literary phenomenon, fairly within the poetry of Vergil. the purpose of such an research is twofold: an exam of Vergil s poetry elucidates really sincerely some extent approximately rivers: that their inclusion features nearly as a literary device, and an exam of rivers makes some degree approximately Vergil: that rivers are necessary to knowing the trajectory of his works, particularly the constitution of the Aeneid. This research relies totally on the shut research of the poetry of Vergil and of different suitable authors. partly I Jones examines the Greco-Roman realizing of the river in its fundamental symbolic roles: cosmological, ritual and ethnographical. half II analyzes the river as a literary device, with specific realization to the works of Vergil, and argues that descriptions of rivers in Roman poetry are, in lots of cases, a kind of authorial touch upon the development or constitution of a narrative. Jones offers students within the classics, and literary critics who concentration in particular on Roman antiquity a distinct prism by which to view the works of Vergil in addition to different major authors. This ebook can also be for these operating within the fields of cultural studies, cultural geography, and historic philosophy."
