WHY I MARRIED YOU

A NOVEL

---

## Remind Me Again Why I Married You by Rita Ciresi

Rita Ciresi

nobody blends humor and heartbreak like Rita Ciresi, whose award-winning novels are lauded as a lot for his or her beneficant wit as for his or her unflinching honesty. Ciresi's crowd-pleasing novel crimson Slip captivated readers and critics alike, introducing totally unforgettable characters and a love tale either bittersweet and comic. Now Ciresi returns to the folks and position of that impossible to resist bestseller in a riotous and rueful, horny and poignant story of married love...a novel that asks how those that fell desperately, passionately, heartbreakingly in love can maintain a moment act. It's Valentine's Day, and Lisa Strauss, nee Diodetto, is spending it taking part in dutiful spouse at a \$100-a-head profit rather than in mattress with Eben, her hardworking husband of (is it only?) 5 years. as soon as upon a time, Lisa, too, was once a member of the company workaday world--until she fell in love together with her boss (Eben), gave start to a adorable yet rambunctious son, and progressively morphed right into a stay-at-home mom. someplace within the Remind Me Again Why I Married You combine Lisa is also a author with targets of reputation and glory, yet these goals appear to be shrinking, together with her intercourse life. That is, until eventually a hotshot literary agent indicates curiosity in Lisa's magnum opus. Suddenly, she has a pen name, and an excerpt of her publication looks in Playboy. In among revising chapters, Lisa is trying--and failing miserably--to get pregnant again. She's going house-hunting with Cynthia Farquhar, the attractive blond Realtor/divorcee who has develop into her closest confidante (and the article of Eben's mystery fantasies). And she's puzzling over if this is often all marriage is and will ever be: bonded for all times to a guy who could by no means back be the red-hot lover in their pre-marriage union. In fact, he simply may well become the conflicted protagonist of her novel--a dedicated kin guy whose ethical fiber is probably not powerful adequate to resist the slings and arrows of lust and temptation. As their lives start to bizarrely reflect points of Lisa's book...as marital existence as they are aware of it teeters at the fringe of utter chaos, Lisa and Eben search--apart and together--for the reply to the query that has plagued husbands and other halves seeing that time immemorial: Can love live to tell the tale marriage? In a wickedly funny, right-on-target examine love and relationships, Rita Ciresi peels again the layers of a wedding with equivalent doses of hilarity and humanity. packed with all of the zest, zingers, and unforeseen surprises of life, take me back to the fact back Why I Married You is that this uncommonly proficient writer at her lusty and freeing best.

this is often the sequel to crimson Slip, which i latterly reread. Rita Ciresi does an exceptional task with dialogue, specifically the unusual tiny, comical arguments that folks get into day-after-day over spoken or unstated resentments. My purely challenge with this booklet is the vintage challenge with sequels, I guess...I cherished the characters sufficient to need to grasp what occurred to them on the finish of the first book, yet i used to be kind of disillusioned at the place they have been within the second book. i feel i used to be happier with my very own imaginary model in their future.
