O Romance da Raposa (1924) é uma narrativa infantil de requintado virtuosismo estilístico, substituindo as ilustrações a preto e branco que foram utilizadas a partir dos anos 60 pela originais a cores da autoria de Benjamim Rabier numa solução plástica que se adequa na perfeição à Romance Da Raposa fábula. Esta edição de Romance da Raposa é, assim, um regresso à versão única de um livro que gerações e gerações de crianças leram.

Linguagem simples e poética, uma vez que na prosa o autor tem o cuidado de produzir rimas que dão ritmo e embalo ao livro e à história. Livro destinado a crianças, assumidamente, que o autor ofereceu ao filho no natal de 1924. A vida da raposa (fêmea) salta pocinhas, raposeta pintalegreta, senhora de muita treta. Desde a infância, ou melhor da emancipação, à sua juventude, como arranja uma toca fazendo o lobo D. Brutamontes, vizo-rei das selvas e penedias da beira-alta por mercê de D. Leão, imperador do soldão e terras do preste João, da libéria e nigéria, etc, matar a D. Salamurdo, teixugo narigudo, barrigudo, alma de besugo. Ficou com a toca do texugo, mas o lobo sentindo-se enganado deu-lhe sentença de morte e perseguiu-a, mas a raposeta com seus ardis lá resistiu a 2 anos de seca em que o Romance Da Raposa Romance Da Raposa lobo vigiava a única fonte da floresta, e depois o conhecido ardil de quando ele se finge de morto ela sugere que ele dê three couces, o que mostrou que afinal estava vivo. E entre enganos e matreirices lá sobrevive a raposeta. Na 2ª parte já a raposa é mais velha, com three filhotes (que após o período de alimentação, nunca mais aparecem), e viúva, pois o seu marido tinha ficado preso em uma armadilha e morto pelo bicho homem. Ou seja é sempre uma personagem sózinha, a lutar pela vida, que engana tudo e todos os animais, desde vítimas crédulas (coelhinhos) a competidores de caça. Volta e meia reconcilia-se com o lobo, volta e meia faz-lhe partidas como a do estômago cheio de água por o Romance Da Raposa fazer beber de uma poça. No fim da história, já velhinha a última artimanha de se fazer passar por um bicho papão, vestido com saia colorida, que assusta os animais quando já tinham presas na boca. A salta pocinhas diz aos outros animais que destruirá o dito ser, e em paga quer uma velhice descansada. E conseguiu-o, ficando a contar histórias aos animais mais jovens, abandonando a vida de embuste, pois já disso não necessitava.
