

Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2)

Laurie Viera Rigler

Laurie Viera Rigler's nationally bestselling debut novel, *Confessions of a Jane Austen Addict*, took twenty-first-century unfastened spirit Courtney Stone into the social confines of Jane Austen's era. Now, impolite *Awakenings of a Jane Austen Addict* tells the parallel tale of Jane Mansfield, a gentleman's daughter from Regency England who *Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2)* inexplicably awakens in Courtney's overly stressed and morally careworn *Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2)* sleek L.A. life. For Jane, the fashionable international isn't really totally disagreeable. She relishes the privacy, independence, even the ability to earn her personal money. yet how is she to fathom her employer's incomprehensible dictates approximately "syncing *Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2)* a BlackBerry"? *Rude Awakenings of a Jane Austen*

Addict (Jane Austen Addict #2) How can she navigate an international during which flirting and kissing or even the sexual act itself increase no matrimonial expectations? much more bewildering is the good friend named Wes, who's as beautiful and complicated to Jane because the guy who broke her middle again home. it is adequate to make her wonder whether she will be at an advantage in her personal time, the place at the very least the foundations are clear—that is, if returning is even an option.

I turned addicted to time commute tales gazing someplace in Time with Christopher Reeve and Jane Seymour. Then I learn Jude Devereux's Knight in Shining Armor and fell so in love with the characters and inconceivable plot that i started to actively search out time go back and forth novels. i found from studying Diana Gabaldon's Outlander and looking at the new tv presentation of misplaced in Austen that I desire tales that take a personality again in background over these within which an individual is transported to our time. this is often easily a question of taste. So i encourage of you, mild reader, to maintain my little bias in brain as you Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) learn this assessment of Laurie Viera Rigler's most modern book, whose hide of impolite Awakenings of a Jane Austen Addict effectively depicts a Regency lady donning an ipod. Having traveled again to the Regency period in Confessions of a Jane Austen Addict, Courtney Stone is now residing Jane Mansfield's life. It occurred like this: One evening, the very American, super smooth Courtney is grieving over the tip of her engagement to a cad Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) and the betrayal of her friend, Wes. the subsequent morning she wakes up in Regency England within the physique of a tall, based lady whose courting together with her mom can top be defined as rotten. Confessions ended with Courtney falling in love with Jane's beau, Mr. Edgeworth, and overcoming the inconvenience of dwelling with out indoor plumbing or electricity. but when Courtney has taken over Jane Mansfield's physique and life, what ever grew to become of her regency counterpart? In impolite Awakenings of a Jane Austen Addict the reader discovers that terrible Jane Mansfield is transported into Courtney's shorter, curvier physique after a fall from a horse and has landed smack dab in a latest condominium in Los Angeles. Horror of horrors, not anything that Jane as Courtney has ever identified is recognizable during this unusual environment, nothing, that is, with the exception of delight and Prejudice. The 1995 A&E model is enjoying on tv as Jane examines her unusual surroundings. Mr. Darcy and Elizabeth are mere illusions yet Jane confuses their airy transmissions for the true Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) thing. She is rapturous while she comes throughout Jane Austen's novels on Courtney's bookshelves, fortunately getting to know that extra have been released than the 2 she'd recognized about. The books supply her along with her first emotional safeguard blanket, for as much as that second every little thing Jane has seen, heard, and touched during this new global has been surreal and mind-boggling. As Jane says to a fortune teller who is helping her deal with her confusion, "If i'm really not asleep, how am i able to be whatever yet awake?" One imagines that Courtney had a miles more uncomplicated time adjusting to the past, for she'd been a Jane Austen addict and had had the chance to check the regency period in background books and novels. bad Jane Mansfield had no such wisdom approximately 2009, for who in 1813 may have forecast the discovery of microwave ovens, cars, mobile phones, planes, elevators, excessive upward thrust buildings, computers, refrigerators, and – ask yourself of wonders – effective showers and toilets? after which there have been the clothes. How used to be a self-respecting Regency leave out imagined to put on these indecently skimpy clothes and hoydenish make-up that her

new neighbors wear with no blushing? Thankfully, Courtney's new Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) physique has retained a visceral 21st-century reminiscence of dressing, using and utilizing appliances, giving Jane your time to get better her equilibrium and type out her bewildering surroundings. whilst existence turns into too crushing for her, she fortunately hunkers right down to learn Emma or Mansfield Park, or watch the magnificent motion picture variations of Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) Jane's novels. regardless of these few moments of bliss, there are nonetheless many sleek customs that Jane needs to learn. She is either Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) intrigued and appalled that ladies needs to paintings for a living, for isn't this an job reserved for operating classification women? And but the operating ladies she meets get pleasure from riches and freedoms that she might merely dream approximately in her constricted regency world. Then there's the placement along with her rotten ex-fiance and ex-best friend, Wes, whose mild presence is at odds with the antipathy Jane's new neighbors believe towards him. Wes is simply one of these Mark II Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) hero that this reviewer loves – sweet, warm, cuddly, and good-looking – and that i rooted for him to win Jane's hand regardless of the proof of his betrayal. Rude Awakenings ties up the plot threads left dangling in Confessions, and that i was once pleasantly stunned to have my many questions replied in a wise way, specifically approximately Jane's poor mother. Of the 2 books, I did want Confessions, yet please do remember my bias in the direction of those that go back and forth backwards, no longer forwards. Having spent a pleasing couple of evenings studying this most modern installment of Laurie's series, i need to determine her write a 3rd one within which the descendants of the Jane Austen Addict characters are united. In my imagined plot I see Courtney writing an in depth magazine approximately her Regency experiences, which languishes upon the dusty cabinets of an old ebook vendor for over Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) one Rude Awakenings of a Jane Austen Addict (Jane Austen Addict #2) hundred fifty years. This record is came upon via Jane's daughter, a proven Jane Austen addict and romance novelist. She visits England in 2034 looking for archived information regarding the Mansfield and Wentworth households after her mom confesses a couple of pertinent bits of knowledge approximately her Regency past. in the course of her quest, Jane's daughter meets a haughty male descendant of Courtney's, a good-looking yet priggish Jane Austen scholar, who mark downs Courtney's magazine because the rantings of an insane relative. the 2 younger descendants disagree, sparks fly, she indicates a DNA test, and so they then well, use your imagination. Meanwhile, i will reflect on no higher means of spending a Sunday afternoon than to twist up in a hammock and skim impolite Awakenings of a Jane Austen Addict. simply be sure to have sufficient ice tea and solar display at hand, for you won't be capable of positioned this lightly funny ebook down until eventually you're finished. 3 out of 3 Regency fans.
