

marriage, when he decides what school to send his son to, or when he finds reasons to suspect his wife of unfaithfulness – he cannot be guided wholly by habit. In proposing marriage he may be guided by mere instinct, or he may be influenced by the belief that the lady is rich. If he is guided by instinct, he no doubt believes that the lady possesses every virtue, and this may seem to him to be a cause of his action, but in fact it is merely another effect of the instinct which alone suffices to account for his action. In choosing a school for his son, he probably proceeds in much the same way as in making difficult business decisions; here belief usually plays an important part. If evidence comes into his possession showing that his wife has been unfaithful, his behaviour is likely to be purely instinctive, but the instinct is set in operation by a belief, which is the first cause of everything that follows.

Thus although beliefs are not directly responsible for more than a small part of our actions, the actions for which they are responsible are among the most important, and largely determine the general structure of our lives. In particular, our religious and political actions are associated with beliefs.

Russell

(a) How wide a class of our actions is controlled by beliefs? (b) How far are beliefs based upon evidence? (c) How far is it possible to determine the truth they should be based upon?

(a) The extent to which beliefs are based upon evidence is very much less than believers suppose. Take the kind of action which is

most common, the purchase of a share in a company. The man who buys the share is often a man of great wealth, and he is often a man of great sympathy for the company, and yet he is so strongly moved that he is prepared to risk money on it. In bankruptcies it often appears that some sentimental factor was the original cause of ruin. Political opinions are hardly ever based upon evidence, except in the case of civil servants, who are forbidden to give utterance to them. There are of course exceptions. In the tariff reform controversy which began twenty-five years ago, most manufacturers supported the side that would increase their own incomes, showing that their opinions were really based on evidence, however little their utterances would have led one to suppose so. We have here a complication. Frenchmen have accustomed us to 'rationalising', i.e. the process of inventing what seem to ourselves rational grounds for a decision or opinion that is in fact quite irrational. But there is, especially in

Sceptical Essays

Sceptical Essays by Bertrand Russell

Bertrand Russell

'These propositions could appear mild, yet, if accepted, they'd completely revolutionize human life'. With those phrases Bertrand Russell introduces what's certainly a progressive book. he's taking as his starting-point the irrationality of the world.

Bu kitap hakk?nda tek bir cümle söyleme hakk?m olsayd? isminin hakk?n? veren bir kitap oldu?unu söylemekle yetinebilirdim. Ama böyle bir s?n?rland?rma yokken birkaç cümle daha ekleyeyim. Sceptical Essays ya da türkçesiyle Dü?ündüren Denemeler, Britanya? filozof Bertrand Russell'?n gündelik olarak nitelendirebilece?imiz özgürlük, e?itim, politika, inançlar, duygular vb. konular hakk?nda yazm?? oldu?u denemelerden olu?uyor. Kitab? oldukça ba?ar?l? buldu?umu söyleyebilirim çünkü ilk cümlede de dikkat çektim üzere kitap bizi dü?ünmeye sevk ediyor. Yazar?n hemen her konuda dikkate de?er gözlemleri var bu nedenle siz de okurken fikirleri anlayabilmek ad?na biraz yoruluyorsunuz. Öyle ki bu durum kitab? yer yer okunmas? zor ya da s?k?c? bir hale de getirebiliyor. Kitab? okurken sürekli uyan?k olmal?s?n?z. Kitap için biricik olumsuz ele?tirim de budur. Onun d???nda gayet faydal?, dopdolu buldum.Kitab?n, özellikle en sondaki, yazar?n gelece?e dair görüşlerini içeren k?sm? beni heyecanland?rm??t? çünkü ilk bask?s? 1928 y?l?nda gerçekte?mi? bir kitaptaki gelece?e dair öngörülerin ilginç olabilece?ini dü?ünmü?tüm. Fakat bekledi?imden daha ba?ar?l? tahminlerle kar??la?t?m. Bu bölümle beraber kitap bitti?inde yazara sayg?m oldukça artt? ve hemen di?er kitaplar?n? Sceptical Essays da ara?t?rmaya ba?lad?m. Kitab? denemeseverlere tavsiye ederim.
