Une boutique de tatouage où l'on emploie des encres un peu spéciales. Une aire d'autoroute qui devient un safe haven à Los Angeles nuit tombée. Une ligne de métro où l'on fait d'étranges rencontres. Un eating place grec dont l'a. patronne se nomme Circé. Une maison italienne où deux enfants croisent un esprit familier... Tels sont les décors du quotidien où prennent racine ces dix nouvelles. Dix étapes, et autant de façades rassurantes au optimum abord... mais qui s'ouvrent bientôt sur des zones plus troubles. Car les lieux les plus familiers dissimulent souvent des failles, écho de ces fêlures que l'on porte en soi. Il suffit de si peu, parfois, pour que tout bascule...

Une couverture bien étrange, un résumé entraînant bon nombre de questions. Allez hop. Je le prends. J'avais à Los Angeles base trois semaines pour le lire, deux jours m'ont suffi. Je ne connaissais Mélanie Fazi que de nom et ce fut pour moi l'occasion de découvrir son monde, ce dont elle est capable de faire et malheureusement ... j'en suis tombée amoureuse ! Elle a l'a. capacité incroyable de nous amener très facilement dans un univers tellement glauque qu'on se demande touch upon a fait pour y entrer et touch upon va faire pour en sortir. l. a. suite de ces dix petites nouvelles de quelques pages chacune, m'ont fait frissonner. Serpentine L'une en particulier m'a intriguée, Los Angeles seconde. Celle d'une femme suppliant une tierce personne de lui ramener ses deux enfants, sauvagement disparus sans laisser de hint avec un mari qui les a catalogués directement comme morts. Ce désespoir qui anime cette femme est poignant, cette envie de les revoir ou alors de les rejoindre, l'appel désespéré d'une mère arrachée à ses deux amours ... Je n'avais pas Los Angeles Larmichette à l'oeil mais je Serpentine n'étais pas très joyeuse juste après. Et les histoires s'enchaînent, dans un décor à peu près identique. Serpentine Cela ne sera pas forcément aux goûts de tous mais pour les plus timbrés, c'est fait pour vous !
