Simon de Montfort by J.R. Maddicott

J.R. Maddicott

This e-book offers a brand new account of 1 of the main recognized males of the English center ages: Simon de Montfort. It strains his profession from his origins because the more youthful Simon de Montfort son of a French noble family, via his elevation in England because the shut good friend and counsellor of King Henry III, to his holiday with the king, his upward thrust to royal power, and his dying in conflict at Evesham in 1265. Montfort used to be a creature of contradictions. an exceptional soldier, an ardent non secular idealist, and a forcefully capable politician, he gained the friendship and loyalty of a few of the best males of his day; but he used to be additionally bold and avaricious, and made up our minds to construct a place for himself and his relatives from the possibilities Simon de Montfort which got here with power. in the course of the chronicles, the general public files and the continues to be of Montfort's relations archives, this biography deals not just a story of his existence yet a more odd research of personality and temperament which could infrequently be tried for the other nobleman of the period.

simply too educational and dry for me. would prefer Antonia Fraser to rewrite it for me.

Simon De Montfort
