Dugald A. Steer

daring brilliant graphics, an easy fresh design, enticing rhyming textual content that appeals to younger kids, and large pop-ups on every one spread; this is often the charm of the Snappy series. Trim the tree and around up the reindeer -- it is the happiest time of the year. And what higher strategy to have fun than with this happy, snappy pop-up!

A adorable Pop-up booklet with all of the ordinary Christmas characters - rudolph, santa, penguins, snowmen. My score comes from the truth that the tale isn't really all that great, however the photographs are colourful and the pop-ups are fun.
