SOMEONE TO LOVE

There are some wounds time cannot heal . . .

Someone To Love (Montgomery/Taggart #10)

Jude Deveraux

Jude Deveraux, the writer of 'First Impressions' and 'Wild Orchids', provides her hugely expected new book, an emotionally charged romance a couple of guy coming to phrases together with his wife's tragic suicide.

Esta é a minha estreia com a autora Jude Deveraux, apesar de ter mais dois livros dela na estante para serem lidos. Estava mesmo a apetecer-me ler um romance com uma nota leve de mistério e pela sinopse, este livro parecia ser perfeito para o meu real estado de espírito. Não é segredo nenhum que o meu género literário favorito é o policial e se tiver algum romance à mistura, ainda melhor. Por isso mesmo estava com expectativas de gostar bastante deste livro, que fazia recordar as belas leituras de Sandra Brown, tão intensas e apaixonantes. A capa e o cheiro das páginas, marcas tão características da Quinta Essência, todos estes elementos faziam prometer uma grande leitura. E foi realmente uma leitura agradável com uma história interessante, misteriosa e com todos os ingredientes para criar suspense e interesse... mas ficou a faltar algo. Alguém Para Amar conta-nos a história de um viúvo que desde há três anos tenta encontrar uma explicação para o suicídio estranho da sua mulher. Jace não acredita nas razões apresentadas para o suicídio da mulher e por isso mesmo come to a decision que precisa de fechar essa porta e desvendar finalmente o mistério que se encerra por detrás da morte da sua noiva. O livro começou muito bem e devo dizer que em nenhum momento me senti aborrecida com a escrita da autora. O mistério e o tom de romance e até um toque de humor, estes elementos estão todos. Contudo, com o desenrolar do enredo comecei a ficar desiludida. Primeiro, o romance que se começou a desenvolver pareceu-me incrivelmente forçado e não me consegui convencer de maneira nenhuma. Para mim é virtualmente impossível que three dias ou coisa que o valha sejam o suficiente para criar uma relação como esta que se originou aqui. Pareceu-me tudo muito fantasioso e demasiado conto-de-fadas para ser credível. Depois, o próprio mistério acabei por criar as minhas suspeitas e quando cheguei ao fim confirmei com facilidade que as minhas suspeitas estavam correctas. O mistério, que esperava que me surpreendesse, acabou por ser uma desilusão. Já a explicação da morte de Stacy, bem... não foi das piores, mas pareceu-me uma motivação tão fraca que não fiquei igualmente satisfeita. Confesso que esperava muito mais deste livro e apesar da escrita da autora ser agradável e este ser um livro que se lê de forma muito fluída, a história não encanta por aí além e parece-me pobremente estruturada. Não sei se foi das expectativas que criei ou se o romance e restantes elementos são realmente fraquinhos, mas esta leitura ficou bem aquém das expectativas. Foi um entretenimento leve com os seus momentos de diversão, mas não passou disso. O que é pena. Agora tenho para ler da autora os livros da série Edilean, que segundo as opiniões que já vi, é muito melhor, por isso ainda tenho esperanças que esta autora se revele apaixonante. aqui
