# The Adolescent by Fyodor Dostoyevsky

Fyodor Dostoyevsky

The illegitimate son of a landowner, Arkady Dolgoruky used to be raised via foster mom and dad and tutors, and has scarcely ever visible his father, Versilov, and his mother, Versilov's peasant common-law wife. Arkady is going to Petersburg to satisfy this "accidental family" and to confront the daddy who dominates his mind's The Adolescent eye and whom he either disdains and longs to impress. Having sewn into his coat a rifle that he believes supplies him energy over others, Arkady proceeds with an irrepressible younger volatility that withstands error and humiliations at each turn. Dostoevsky masterfully depicts youth as a country of uncertainty, ignorance, and incompleteness, but in addition of richness and exuberance, during which every little thing continues to be possible. His story of a adolescence discovering his approach within the illness of Russian society within the 1870s is a excessive and critical comedy that borders on either farce and tragedy. The Adolescent (originally released in English as A uncooked Youth) is markedly varied in tone from Dostoevsky's different masterpieces. It's instructed from the perspective of the nineteen-year-old narrator, whose immaturity, freshness, and naïveté are unforgettably mirrored in his narrative voice. This awesome new translation—never earlier than published—of certainly one of Dostoevsky's significant novels comes from the award-winning translators Richard Pevear and Larissa Volokhonsky. Munitevi di carta e penna, signori. Ma prima levatevi il cappello L'adolescente è un romanzo estremamente complesso, che a volte, anche a causa dell'edizione nel quale l'ho letto, mi è parso un po' confuso, coerentemente con lo stile dostoevskijano. L'edizione BIT che posseggo, oggi forse introvabile, non è fatta in line with agevolare l. a. lettura di questo ponderoso romanzo: le pagine sono composte da un carattere piccolo, che soprattutto in step with chi come me è ormai afflitto da presbiopia, rende difficoltosa la lettura, e non consente di concentrarsi appieno nel seguire lo snodarsi della storia. Ho fatto quindi una certa fatica a venirme a capo, frammentando la lettura in oltre un mese e rischiando di perdere il filo; filo che è di in keeping with sé molto sottile, anche perché l'autore affida la narrazione al protagonista, che dichiara sin dalla prima pagina di non essere un letterato e quindi di scrivere in modo disordinato e senza l'uso di "orpelli letterari". L'uso della prima persona è un tratto costante nella narrativa di Dostoevskij, ma qui l'autore esaspera sicuramente il dilettantismo del narratore, al high quality di conseguire un risultato di realismo cronachistico che è senza dubbio uno dei tratti salienti del romanzo, ed anche come espediente in step with creare suspense come dirò in The Adolescent seguito. La storia è quella di Arkadij Dolgorukij, ventenne figlio illegittimo di Versilov, signorotto pietroburghese con una tenuta in campagna dove ha sedotto la madre di Arkadij facendola poi sposare al "servo" Makar Dolgorukij. Arkadij ha sempre vissuto lontano dalla madre, in collegio e all'università, ed all'inizio del romanzo si trasferisce da Mosca a Pietroburgo conoscendo consistent with la sua prima volta davvero i suoi parenti e le persone che li frequentano. La sua mania di riscatto nei confronti del padre naturale lo farà interferire con le complesse relazioni sociali e personali che si sviluppano tra i vari personaggi, generando situazioni ad alto contenuto drammatico: il citato dilettantismo artistico del narratore è uno strumento che l'autore utilizza

con grande maestria in keeping with aumentare los angeles suspance: molte volte infatti i fatti vengono parzialmente anticipati oppure spiegati a posteriori, creando un clima di sorpresa che disorienta. are available altri romanzi di Dostoevskij il vero protagonista non è però il narratore, ma ancora una volta l'uomo di mezza età, in questo caso Versilov. Ho trovato molte analogie, infatti, tra Versilov e il principe Valkovsky di Umiliati e offesi, che paiono l'uno The Adolescent il negativo dell'altro. Entrambi sono personaggi che dire sfaccettati è dir poco: sono contraddittori, sono nella realtà profondamente diversi da come ci vengono presentati all'inizio. Valkovskij sembra generoso e altruista, mentre nella realtà si rivelerà meschino, volgare e spietato calcolatore; Versilov sembra freddo e pronto a The Adolescent sacrificare i sentimenti alle sue esigenze personali, in realtà si rivelerà capace di grandi slanci affettivi e patriottici. Ancora una volta l'immenso Dostoevskij riesce a darci, in un solo personaggio, un The Adolescent ritratto a tutto tondo delle contraddizioni in cui si dibatteva los angeles classe dominante russa della sua epoca. Non entro nel merito delle The Adolescent vicende del libro perché ci vorrebbero pagine su pagine (la breve trama reperibile su Wikipedia può aiutare ma non rende assolutamente l. a. complessità del romanzo). Basti dire che (anche qui come sempre in Dostoevskij) alle vicende che segnano l'evoluzione del rapporto tra Arkadij e Versilov se ne affiancano molte altre, con alcuni personaggi veramente straordinari – molto russi e del tutto Dostoevskijani – quali Makar Dolgorukij, che da contadino si è trasformato in pellegrino-santone, e Lambert, oscuro ricattatore che allunga i suoi tentacoli sull'ingenuo Arkadij. Che dire ancora? Sicuramente un affresco ovviamente straordinario dell'animo umano sullo sfondo della apparentemente cristallizzata The Adolescent – in realtà ribollente – società russa della metà del XIX secolo, da leggere possibilmente in altra edizione rispetto alla mia. Un consiglio comunque voglio darlo. A meno che non siate dotati di una memoria eccezionale, munitevi di carta e penna, e quando appare un personaggio annotatene nome, caratteristiche e relazioni con gli altri The Adolescent personaggi; può essere utile nel corso del romanzo, in line with evitare los angeles domanda che mi sono a volte fatto durante los angeles lettura: E questo chi è?
