# The Apothecary's Chest: Magic, Art and Medication

Anne-Marie Millim

'The Apothecary's Chest: Magic, paintings and Medication' was once a one-day symposium held on the college of Glasgow on November 24, 2007. The symposium referred to The Apothecary's Chest: Magic, Art and Medication as for a dialogue at the evolution of the notions of mysticism, wisdom and superstition within the method they're intertwined in either technology and the literary mind's eye within the determine of healers comparable to the apothecary, the alchemist, the shaman. there have been 3 major parts of interest. the 1st concerned conventional perceptions of physicians, who mixed wisdom and superstition and therefore bordered, of their practices, at the sphere of the occult. the second one theme, evolving from the first, proposed an inquiry of the overlapping pursuits and methods of science, magic and prophesy, in addition to of the consequences and outcomes of a privileged entry to scientific knowledge, whereas the 3rd topic of debate targeting the improvement of the symbolism of the healer in literature, history, philosophy of science, anthropology, theology, movie and art. The twelve papers integrated during this volume, papers awarded by way of doctoral applicants and younger students from throughout a number of nation-states and disciplines, lead The Apothecary's Chest: Magic, Art and Medication to a set of techniques to an investigative box with subject matters starting from mystical qualities of mundane fabrics to the origins of the occult and gender struggles. The 13th and ultimate essay integrated within the volume, Professor invoice Herbert's 'From Mere Bellies to the undesirable Shaman', is an exploration of the trendy function of the modern poet within the type of a longer dialog initiated on the final of the conference, whilst Professor Herbert was once requested to mix a poetry analyzing with a couple of observations The Apothecary's Chest: Magic, Art and Medication at the courting among the poet and the shaman.
