
The Ballroom on Magnolia Street by Sharon Owens

Sharon Owens

at the heels of her delightfully fascinating debut comes Sharon Owens's new novel of romance and regret--and the winding paths to love. Johnny Hogan, raised on Hollywood movies, has opened the ballroom on Magnolia highway to carry that excellent fable to life--for himself, for dedicated romantics, and for everybody on the town who nonetheless believes in very unlikely dreams.

this is often might be my least favourite of Sharon Owen's work. The Ballroom on Magnolia highway begins very slow, in fact, the 1st half the publication I think about principally useless. Luckily, I caught via and used to be rewarded with an honest moment half the book. Unlike her different works an excellent component of this novel truly does not contain the ballroom. whereas the characters are often there or point out it, it's not the main target just like the Tea Room or Pub have been in her different novels. At the start we are brought to Johnny "Hollywood" Hogan, the landlord of the ballroom. He has a penchant for Blue Suede footwear and Marion, one other character's (Declan) mother. he is recognized for having stopped a criminal offense years prior to within the ballroom and likewise for being the one survivor of a bombing in the community the place the ballroom is whilst he was once The Ballroom on Magnolia Street born. The such a lot favourite characters are sisters Kate and Shirley. within the first 1/2 the unconventional i could not stand both of them. They have been either very superficial and written to be fairly annoying. whereas Shirley improves midway throughout the novel, it's not till nearly the top whilst Kate redeems herself. either one of the sisters are in a perpetual hunt for romance (or in Kate's case) an exceptional time. Shirley, in particular has a specific thing for Declan. After the 1st 1/2 the booklet is completed the tale quite will get going. Shirley will get concerned with Declan ultimately (even although in a single paragraph of the 1st booklet he beloved Kate, which is rarely defined away). Kate begins relationship a mechanic out of jealousy of her sister's relationship. those relationships form out the second one 1/2 the booklet and evolve right into a double marriage ceremony that explanations quite a few kinds of grief. Also featured is a kidnapping that appeared a bit of misplaced and a transference of the possession of the ballroom, that's fast and comfortably reversed on the finish of the novel. Like her different novels, the final bankruptcy involves diverse paragraphs explaining what occurs to every of the characters, even the lowliest of facet characters. Her writing continues to be cheery during this booklet and it would not be a foul learn with a bubble tub and a pitcher of The Ballroom on Magnolia Street wine (the wine is essential for buying throughout the first half). It simply did not appear to have the allure that her different novels did and that i The Ballroom on Magnolia Street did not hook up with the characters as much. The Ballroom on Magnolia Street Published in 2004 356 pages
