while Bartolomeo Sacchi ('Platina', 1421-1481) wrote his *Vitae pontificum* (Lives of the Popes) and provided it to Pope Sixtus IV in 1475, he without doubt couldn't have imagined how influential it's going to develop into over the centuries. He reminded the popes that they have been mere humans and advised them to not take pleasure in luxurious and nepotism. Catholics, whether they agreed with such indictments, learn the *Lives* eagerly, whereas Protestants certainly favored Platina's fault-finding strategy in the direction of the papacy. The position which censorship performed within the reception of the *Lives* was once formerly unknown.
