# The Color of Sex : Whiteness, Heterosexuality, and the Fictions of White Supremacy

Mason Stokes

within the colour of intercourse Mason Stokes deals new methods of pondering whiteness by means of exploring its strangely ambivalent partnership with heterosexuality. Stokes examines a variety of white-supremacist American texts written and produced among 1852 and 1915—literary romances, dime novels, spiritual and medical tracts, film—and exposes whiteness as a tangled community of racial and sexual desire. Stokes locates those white-supremacist texts amid the anti-racist efforts of African American writers and activists, deepening our realizing of either American and African American literary and cultural history. The colour of intercourse unearths what occurs while race and sexuality meet, while white wish to avoid it. The Color of Sex : Whiteness, Heterosexuality, and the Fictions of White Supremacy encounters its personal ambivalence. As Stokes argues, whiteness and heterosexuality exist in nervous relation to at least one another. jointly invested in “the normal,” they aid one another of their determined insistence at the cultural good judgment of exclusion. on the similar time, however, they threaten each other of their try to create and maintain a white future, on the grounds that reproducing whiteness unavoidably includes the danger of contamination. Charting the curious pursuits of this “white heterosexuality,” the colour of intercourse inaugurates a brand new second in our ongoing try and comprehend the frenzied interaction of race and sexuality in America. As such, it's going to attract students drawn to race theory, sexuality studies, and American history, The Color of Sex : Whiteness, Heterosexuality, and the Fictions of White Supremacy culture, and literature.
