England, 1152. Henry II is king. the rustic is wracked by means of bloody civil war. Griffyn Sauvage is a valiant knight with a strict ethical code of honor. but if his family's property and colossal treasures are seized, he turns into hardened through the betrayal. Now he'll visit any lengths for vengeance— no matter if it capacity forming a union together with his so much despised enemy through marrying his daughter, woman Guinevere de l'Ami. Then, Griffyn lays eyes on The Conqueror Gwyn and is totally disarmed. . . As warfare strikes, Gwyn is left on my own to struggle her enemies who wish keep watch over of her ancestral lands. whilst Griffyn involves her rescue, she is thankful that the mysterious, courageous knight has risked his lifestyles to guard hers. With each one passing day, she reveals herself attracted to him whilst she senses he is hiding a dismal mystery from her. And whilst one other risky adversary closes in on either one of them, Griffyn and Gwyn's belief in one another should be placed to the last word test. . .

Guinevere de l'Ami unearths herself dealing with marriage to a guy she has no wish to marry after her father passes away. As his heir, she comes with colossal lands that many noble males are looking to acquire. there's a lot political unrest at present in England. King Stephan is slowly wasting his dependable vassals to Henry. Guinevere attempts to run away to an abbey the evening one in all her neighboring lords attempts to forcibly wed her. On her strategy The Conqueror to the abbey she is rescued via an unknown knight. The knight seems to be none except Griffyn Sauvage. Their father's have been as soon as sturdy friends, yet a treasure got here among the 2 males and Gwyn's father took Griffyn's domestic from him. Griffyn had made a vow to take it again sooner or later and shortly he could on the war's end. problems come up The Conqueror whilst Griffyn reveals himself inexplicably attracted to Gwyn. She is the sunshine in his darkish existence. I learn this e-book due to [[a href="http://thebookbinge.com/2009/05/revie...](http://thebookbinge.com/2009/05/revie...)] and [[a href="http://super\\_librarian.blogspot.com/2...](http://super_librarian.blogspot.com/2...)] reviews. I ensue to actually benefit from the medieval style and that i have not encounter any lately released books that experience stuck The Conqueror my attention. i'm so chuffed The Conqueror to claim that The Conqueror lived as much as my expectancies and truly controlled to surpass it! this is often Kris Kennedy's first ebook and hats off to her, since it is a smart read!! relatively loved the relationship that Griffyn and Gwyn shape for each other in the beginning of the story. they're either surprised by means of their charm to the opposite they usually simply exhibit their affection and act on it. they do not play any video games in terms of expressing their feelings, yet there's lots of clash by way of politics. The angst during this tale is derived from every one person's loyalty to another king. whereas a few readers could locate Gwyn's loyalty excessive, i discovered it in accordance with her personality. It saved my middle thumping alongside this extreme ride. What quite makes The Conqueror stick out from the hundreds is the fascinating subplot with the treasure that Griffyn and Gwyn's households have guarded for centuries. Neither one in all them totally knows what it really is they're guarding and as they're learning clues concerning the treasure so is the reader. I additionally loved Griffyn's courting along with his pal and Alex. I beloved that Alex was once multi-faceted and he introduced a intensity to Griffyn that used to be had to stability out the

story. Kris Kennedy has the power to truly draw the reader into her tale with an artistic plot and likable characters. I hugely suggest this one for enthusiasts of the medieval genre.
