"Herman Woelk has the unique . . . the ability to tell a story that grips you from beginning to end." — *San Francisco Chronicle*

The Glory (The Hope and the Glory #2)

Herman Wouk

Like no different novelist at paintings today, Herman Wouk has controlled to trap the sweep of historical past in novels wealthy in personality and alive with drama. In "The Hope," which opens in 1948 and culminates within the spectacular triumph of 1967's Six-Day War, Wouk plunges the reader into the tale of a kingdom suffering for its delivery after which its survival. because the story resumes in "The Glory," Wouk portrays the younger country once more driven to the threshold of annihilation -- and units the level for cutting-edge ongoing fight for peace. Taking us from The Glory (The Hope and the Glory #2) the Sinai to Jerusalem, from dust-choking battles to the Entebbe raid, from Camp David to the interior lives of such old figures as Golda Meir, Moshe Dayan, and Anwar Sadat, those impressive novels have the authenticity and authority of Wouk's best fiction -- and jointly strike a convincing chord of desire for all humanity.

during this sequel to Wouk's novel concerning the beginning of Israel in 1948 to their defeat of the joint Arabic forces within the Six Day warfare in 1967, The Hope, the point of interest this time is basically at the impressive Yom Kippur struggle / Ramadan struggle of 1973, whilst the Israelies confirmed all their attribute bold and get to the bottom of to rescue victory from the jaws of defeat opposed to overwhelming odds. Israel's feel of safeguard lasts slightly a question of months after the Six Day conflict ahead of the Egyptians once more tip the area to the purpose of struggle by means of The Glory (The Hope and the Glory #2) sinking the naval send the 'Eilat' with newly got weaponry from Russia. Thereafter follows the Egyptian president Nasser's Soviet-backed 'War of Attrition', a longer armaments clash which offers a tricky new problem for the fledgling state, so outnumbered in and manpower. Through a sequence of audacious raids (including at once into PLO headquarters in Beirut to avenge the Munich Olympics massacre) that remind either their neighboring enemies and the area at huge that they don't intend to give up any territory won within the Six Day War. However, whilst Nasser dies, his successor Sadat takes a special tack, expelling the Russians (publicly at least) when making plans together with his allies an enormous offensive into the Golen Hights within the west and Sinai within The Glory (The Hope and the Glory #2) the south. Zev Barak, the political fixer in Washington, will get to come back domestic and shut to the motion this time as he's appointed army secretary to Golda Meir, when The Glory (The Hope and the Glory #2) Jossi 'Don Kishote' The Glory (The Hope and the Glory #2) Blumenthal, the plucky tank commander, turns into Ariel Sharon's correct hand guy in the course of the war, supervising the install of the extreme versatile bridge that the Israelis used to move the Suez canal. among them they beautiful a lot be capable of get in or close to each significant battlefield or convention room through the period. As with The Hope, the distinction is a shamelessly one-sided account of the Arab-Israeli conflicts of the final century, with Wouk truly in awe of the braveness and boldness of the Israeli army and Mossad, whatever the ethical implications in their extra doubtful tactics, akin to their ever prepared penchant for preemptive strikes. He saves his even-handedness for the characterizations. All his fictional creations are wrong ultimately or other, adulterous within the main, yet extra importantly so are his old depictions of the primary players. along all their seen attributes, Golda Meir can also be militarily naive, Moshe Dayan at risk of moroseness and Ariel Sharon a shameless showboater. This guarantees that the distinction is greater than only a

thinly veiled account of Israeli triumphalism (though it's that too) and even if Wouk's mix of the private and the political is precisely of the outside deep, television mini-series point of class he does inform a good, humane yarn. I additionally loved reacquainting myself with these juicy Yiddish expletives; the former winner from The Hope, 'Balagan' (mess / balls up), is outmoded right here via the likes of The Glory (The Hope and the Glory #2) 'bopkess' (goat shit), 'fashla' (fuck up) and 'L'Azazel' (The Devil!) might Israel stand forever. Halevai!
