CAROLINE DU NORD 1882 motionless sur le quai, Kathleen ne quittait pas des yeux son maigre bagage qui se balançait au bout d'un palan. Cette vieille malle suspendue au-dessus de l'eau lui paraissait soudain symboliser à merveille l'incertitude de son destin. Deux jours auparavant, elle ne savait même pas qui était le capitaine Rogan Rawson et voilà qu'à présent, cet homme énigmatique au charme inquiétant était devenu son époux et l'emmenait à bord de son navire vers un will pay inconnu, sur cette île d'Hatteras, aride et désolée. Certes, il ne s'agissait pas d'un vrai mariage, tout juste d'une association un peu particulière. En échange d'un toit, Kathleen veillerait sur l. a. vieille mère de son époux, cette Harrieta qui, disait-on, n'avait plus toute sa tête. Quant au capitaine Rawson, elle ne le verrait pas souvent - occupé qu'il était à sillonner l'Atlantique - et de toute façon, il ne serait son mari que de nom. Pourtant, une sourde angoisse l'étreignait. Qu'allait-elle trouver sur cette île sauvage ? Et si ce mariage de natural forme n'était qu'un piège, qui se soucierait de venir au secours d'une orpheline de dix-huit ans sans attache ni fortune ?

i am not stunned this tale has any such diversity of likes and dislikes. I replaced my brain a couple of times among three and four stars simply because I do imagine it is a well-written and fascinating story! i feel Bronwyn Williams is among the most sensible old romance writers of the seafaring environment and her characters are incredible. This tale isn't any exception and that i loved the secondary solid very much, together with the eccentric Hetty and the matchmaking Reverend Dunwoody. after which there has been the charmer Callum, the hero's best-friend who I think has his personal story. I loved that he turned one of these pal to Kathleen. yet I additionally imagine a few issues move "wrong" during this tale that result in the broad levels of opinion. i wished to shake the hero, Rogan, for a few of his offerings and i would supply it one other superstar if he'd proven a bit extra religion and taking care The Mariner's Bride of Kathleen...or at the least groveled extra on the end! while i believe approximately it, the 2 major characters didn't spend loads of time together. this is often most likely traditionally actual of send captains to go away their better halves by myself at domestic for lengthy classes of time -- and this was once a wedding of comfort The Mariner's Bride finally The Mariner's Bride -- yet I felt a bit short-changed on Rogan and Kathleen's romance.
