the United States IS dealing with exceptional CHALLENGES—new threats to our fiscal well-being, our environment, and our security. the yank individuals are searching for actual answers; the subsequent president needs to mobilize our executive and our The Power of Progress: How America's Progressives Can (Once Again) Save Our Economy, Our Climate, and Our Country voters in ways in which no president has performed in view that FDR. the United States wishes the ability of development . . . as soon as again. At the flip of the 20th century, the yank Dream used to be starting to dim in a state riven by way of starting to be inequalities in wealth and run by means of a robust community of privileged industrialists and their political allies. yet that period additionally gave beginning to a renaissance in American The Power of Progress: How America's Progressives Can (Once Again) Save Our Economy, Our Climate, and Our Country political proposal that endlessly replaced our nation. At a time whilst conservative ideology served as an excuse for the buildup of wealth and privilege, the unique revolutionary circulation created a brand new political order outfitted on America's uncomplicated principles—justice and equality for all, fiscal opportunity, and a dedication to the typical good. The lives of all americans were profoundly enhanced by means of the achievements of innovative reformers, The Power of Progress: How America's Progressives Can (Once Again) Save Our Economy, Our Climate, and Our Country from the eight-hour workday and balloting rights to our victory within the chilly warfare and the industrial earnings middle-class american citizens loved less than our most up-to-date revolutionary president, invoice Clinton. Today's demanding situations call for a moment nice innovative era. the USA wishes an economic system during which staff at each source of revenue point percentage in our riches; a weather coverage that forestalls worldwide warming and ends our habit to fossil fuels; and American management within the international struggle opposed to terrorism, nuclear proliferation, and poverty. In the ability of Progress, John Podesta—former Clinton leader of staff—along along with his colleague, John Halpin, explains how revolutionary values replaced the United States within the wake of the Gilded Age and the way those values will reshape the USA after the Bush presidency. Tapping the spirit of serious innovative leaders from Theodore and Franklin Roosevelt to Martin Luther King Jr., the facility of growth offers the line map towards a central authority aware of the wishes of its citizens; person who is concentrated on our generation's maximum challenges: fighting worldwide warming, becoming our economic system and increasing the center class, and assembly America's twenty-first-century defense challenges. From the Hardcover edition.

consistent with chi é interessato alla storia del progressismo ma non ha tempo/intenzione di tuffarsi nello studio di saggi specifici. Un libro davvero semplice da leggere ma che apre The Power of Progress: How America's Progressives Can (Once Again) Save Our Economy, Our Climate, and Our Country alla comprensione della sinistra americana, che é ben The Power of Progress: How America's Progressives Can (Once Again) Save Our Economy, Our Climate, and Our Country altro da quella europea. Bella lettura.
