

The Prodigy: The Fat of the Land by Martin Roach

Martin Roach

released to coincide with the discharge in their new album, this is often the photograph tale of

the country's largest substitute act. The Prodigy had no 1 singles in 1996 and feature offered over five million files worldwide. Written through the band, it comprises a hundred twenty five color photos and reveals, in fullyyt the band's personal words, the pondering in the back of such ground-breaking releases as Firestarter and Breathe, giving an insider's view on their extraordinary stay convey and lifestyles within the Prodigy.

it's what it is: a neat selection of candid images of the band (still with Leeroy), a few hilarious, others badass, and others simply simple weird. I want it have been extra biographical, yet then Keith Flint says it most sensible in The Prodigy: The Fat of the Land a caption to at least one rather grisly capture: "At the tip of the day, if humans locate me scary...f*** 'em!" For me, within the major of my love for those guys, this publication used to be a rattling stable accessory.

The Prodigy The Fat Of The Land
