# THE PUNISHER

BUSINESS AS USUAL

---

## **The Punisher: Business As Usual (The Punisher 2000 #3)**

Garth Ennis

Garth Ennis and Steve Dillon, the madmen who made Preacher a best-selling book, are again for an additional round. This time, they are taking Frank to South America, the place he needs to rescue a Mafia don from offended The Punisher: Business As Usual (The Punisher 2000 #3) guerilla opponents -- but when mercenaries do not kill the Mafioso, the Punisher simply could do it himself

Garth Ennis is without query the best author The Punisher has ever had. His Punisher MAX sequence was once wonderful as have been his different non-MAX Punisher volumes just like the vintage Welcome Back, Frank, The Resurrection of Ma Gnucci, and Born. So think my shock while I found a complete raft of The Punisher: Business As Usual (The Punisher 2000 #3) different Punisher volumes – 6 in overall – written through Garth Ennis that I'd by no means learn before! Then think my crushing sadness while I realised five The Punisher: Business As Usual (The Punisher 2000 #3) out of 6 have been out of print!! the single copies on hand have been on Amazon and eBay going for extortionate prices. Why, WHY, Marvel, are those out of print?! those are Garth Ennis/Punisher books – perfection itself!! You're leaving cash at the desk by way of now not publishing these! What's worse is this booklet is heavily awesome. It's Ennis at his funniest, so much artistic with paintings from his average Punisher artists, the superb Steve Dillon and Darick Robertson, tag-teaming the issues. It's like wonder are taunting enthusiasts through dangling this nice e-book in entrance people and asserting "Liked this one? Well, you can't have the others! AHAAAA!" is that this Marvel's concept of a funny story – "punishing" fanatics by means of withholding those great Punisher books?(Red mist descends)...Ok... I'm calm now. used to be that fist-sized gap continuously in my wall? The tales are loosely hooked up and The Punisher: Business As Usual (The Punisher 2000 #3) notice Frank store hostages in South America, move on an evening in town with a journalist motive on telling Frank's story, tackle the midget mafia(!) AND Wolverine, and stopover at Belfast, post-Good Friday agreement. How stable do these tales sound? They're even better! (Start of A-Team track begins playing) (Voiceover)These forgotten Punisher books have been taken out of print for purposes not anyone knows. volumes (the different is Welcome Back, Frank) rapidly escaped from the out of print legal and made a holiday for the printing press. Today, nonetheless sought after by way of readers, they live on as comics of fortune. if you would like this misplaced Punisher sequence again if not anyone else can help, and when you can locate them, might be you could rent the A-Team then we will simply wish that surprise see feel and republish them in new editions!Duh duh duuuuh, duhduduh!

## **The Punisher Business As Usual The Punisher 2000 3**
