Bestselling author of *The Island*

The Return

Paris and passion at the heart of war-torn Spain

The Return by Victoria Hislop

Victoria Hislop

underneath the majestic towers of the Alhambra, Granada's cobbled streets resonate with song and secrets. Sonia Cameron is familiar with not anything of the city's surprising past; she is right here to dance. yet in a quiet café, an opportunity dialog and an exciting choice of outdated images draw her into the intense story of Spain's devastating civil war. Seventy years earlier, the café is domestic to the close-knit Ramírez family. In 1936, a military coup led by way of Franco shatters the country's fragile peace, and within the center of Granada the relatives witnesses the worst atrocities of conflict. Divided via politics and tragedy, everybody needs to take a side, scuffling with a private conflict as Spain rips itself apart. pleasing and deeply moving, Victoria Hislop's moment novel is as inspiring as her overseas bestselling debut, *The Island*.

Este livro foi adquirido na expectativa de um romance que me relembrasse algo em *A Sombra do Vento*, devido à sua sinopse e ao que me pareceu por algumas partes lidas antes de o comprar. Não gostando de romances muito modernos, ou seja, ambientados nos dias de hoje (com exceção de alguns que já li e que gostei bastante, como *Um Dia*), agradou-me o facto de este se passar em parte nos anos de 1930, durante a Guerra Civil Espanhola e parte do regime de Franco. Não é a primeira vez que leio histórias ambientadas neste *The Return* período, como é o caso dos livros de Zafon e do filme *O Labirinto do Fauno*, que tanto me agradou. Decidi então arriscar e ler este livro. A história começa em 2001, com duas amigas, Maggie e Sonia, inglesas, que decidem ir até Granada para umas aulas de danças latinas. Durante a sua estadia em Granada, Espanha, Sonia descobre um café, *El Barril*, e enquanto bebia o seu café com leite e lia sobre Federico García Lorca, vê-se abordada pelo dono do café, um senhor já idoso. O senhor, Miguel, começa a falar-lhe de Lorca, que também viveu em Granada, e sobre a Guerra Civil. Vendo que Sonia *The Return* pouco sabia sobre estes assuntos, Miguel tenta-lhe despertar a curiosidade, contando-lhe sobre Lorca e convidando-a a visitar a sua casa-museu. Mas a conversa entre eles não ficou por aí. Ela voltou lá e depois foi atraída para as fotos nas paredes e a sua atração *The Return* foi crescendo, bem como a sua curiosidade. E a rapariga espanhola, a dançar flamenco, period tão parecida com alguém que ela tanto conhecia... Miguel conta então o que aconteceu aos donos do *El Barril*, a família Ramírez (Concha e Pablo e os seus filhos: Antonio, Ignacio, Emilio, Mercedes) antes, durante e depois dos anos da Guerra Civil. Esta é uma história profundamente comovente. É um como que um relato das atrocidades e da resistência pessoal e conventional durante estes anos terríveis. As descrições são bastantes explícitas e tudo é claro para o leitor. A autora não está para eufemismos e a sua *The Return* escrita *The Return* é bastante clara e às vezes cruel. Mas assim foram esses dias. Esta é a jornada dos membros da família Ramírez durante este período de tempo; é a sua história. Uma história cheia de sentimentos, de mágoas, de sofrimentos, de amor, de esperança e de espera. É uma história longa contada de forma um tanto breve (o livro tem menos de 500 páginas). As jornadas de cada membro da família são todas distintas e todas tocantes. É uma busca pela sobrevivência, pelos ideais e pelo amor. Num pace de terríveis acontecimentos, o amor consegue mover montanhas e ultrapassar obstáculos, bem como a luta pelos ideais que são defendidos a todo o custo, com grandes custos. Este livro fez-me lembrar, em parte, o *chilly Mountain*, que não tendo nada a ver, por

vezes fez-me lembrar. Talvez pela viagem de regresso a casa que Inman fez e pelas viagens que Antonio e Mercedes fizeram. Talvez pelo final. Talvez pelo amor que tudo espera e tudo acredita. São livros que me agradaram e que mereceram as cinco estrelas. É uma história real, mesmo que a família Ramírez não seja verídica, o que lhe aconteceu, aconteceu na realidade a muitas e muitas famílias. Este livro não deixa que o que aconteceu seja esquecido. Estes acontecimentos não The Return devem nem podem ser esquecidos, para o bem de toda a Humanidade. Para quem gosta de livros com teor histórico, aqui têm uma excelente história. Não estejam à espera de um romance cor-de-rosa, porque não é. Mas merece ser lido. Está muito bem escrito, as personagens estão bem caracterizadas, bastante diferentes umas das outras, com objetivos e sonhos. O enredo é denso, comovente, mas sempre a mostrar alguma esperança. E claro, toda existe uma afluência de todos os acontecimentos para um ultimate comum, muito bem concluído. Recomendo a todos os que gostam deste género de livros, uma vez que é uma História com H grande, em que de facto se aprende algo sobre um país, sobre um povo, sobre a História daquelas pessoas, sobre o que aconteceu para se chegar à guerra, como se desenrolou e como terminou, como foi depois e o que aconteceu no fim. Aprende-se bastante com este género de livros. E claro, a história vale por si. Excelente.

The Return
