

DAVID EDDINGS'S

BESTSELLING AUTHOR OF
THE BELGARIAD AND THE MALLOREDON

THE
SAPPHIRE ROSE

BOOK THREE OF THE ELENIUM

The Sapphire Rose (The Elenium #3) by David Eddings

David Eddings

ultimately the knight Sparhawk had come to own Bhellion, the mythical jewel of magic. With it, he frees Queen Ehalana from the crystalline cocoon that preserves her life, yet Bhellion incorporates hazards of its own. And now Sparkhawk is being stalked by way of a depressing lurking risk that's basically the start of his troubles....

EDDINGS RE-READ: The Sapphire Rose, booklet 3 OF THE ELENIUM Because we simply don't have sufficient to do, Alex, Joanne and i've made up our minds to re-read The Elenium and The Tamuli trilogies by means of David (and Leigh) Eddings, and – partially to justify that, The Sapphire Rose (The Elenium #3) in part simply because it's enjoyable to check notes – we're running a blog a talk approximately each one book. We reply to one another within the submit itself, yet you will discover Tehani's put up over the following and Jo's put up the following if you'd prefer to learn the dialog occurring within the comments. Also, there are spoilers!

ALEX: Almost the first actual web page of this ebook has an Author's Note, which says that the spouse desires to write the dedication. And "since she's liable for a lot of the work," he's going to allow her. Why don't you simply recognize the co-authorship, DUDE?

JO: I don't see the 'David Eddings' at the covers any more. In my mind, it's 'David and Leigh'

TEHANI: Of course, while I first learn those I had no idea, yet given that discovering out, it's been an annoyance at any time when I picked up one of many books. Also, i feel this can be the 1st of the books the place we see a very intrusive breaking of the fourth wall by means of the author/s? For example: The visual appeal of the detachment on the gate was, in Preceptor – ah, let's imagine in its place Patriarch – Darellon's words, disgraceful. (p. a hundred and fifty five of my version).

ALEX: The descriptions of Ehlana, who will get cured of the poison during this book, are past horrid. There's "overpowering femininity," and girls being "notoriously adept" at recognising such things as a hoop being an engagement ring (did I pass over that seminar? How DO you inform ring is an engagement ring? How do i do know even if I've been stooged?). Ehlana is insufferable boastful approximately "netting" Sparhawk. i'm going to admit that the purpose approximately wavering among eager to flaunt her "womanly attributes" and eager to disguise them is reasonable – or even perceptive – yet it's surrounded by way of a lot URGH. And I'd wish to say that I, for one, am joyful that Sparhawk attempted to get out in their marriage. i do know that 17 years' distinction doesn't need to be a barrier, yet there's any such distinction among the 2 of them.

TEHANI: By the tip of this book, i used to be commencing to get an uncomfortable feeling concerning the variety of The Sapphire Rose (The Elenium #3) very younger women who turn into enthusiastic about older men. And Aphrael's manipulation with kisses is so much disturbing!

JO: Oh certain that's certainly a specific thing in those books.

ALEX: urgh.

JO: And we meet Mirtai! Isn't she a fascinating character? Super-strong, super-warrior who's really satisfied to be a slave. In fact, she insists on it.

TEHANI: Mirtai is this sort of contradiction! no longer regularly intentionally at the author's part, I think... This bit quite obtained up my nostril in this reread though: Mirtai's pores and skin had a specially unique bronze tinge to it, and her braided hair was once smooth black. In a lady of standard size, her positive factors may were thought of beautiful, and her darkish eyes, a little bit upturned on the corners, ravishing. Mirtai, however, used to be now not of ordinary size. (p. 324 of my

version)SO. MUCH. WRONG. To begin, what the heck is “normal size”? And the “exotic” bronze tinge of epidermis and “slightly upturned eyes”? ARGH!JO:I may still most likely go away this dialogue for Domes of Fire, simply because there’s now not a lot Mirtai within the Sapphire Rose.ALEX:Jo – certainly – yet yes, that exoticising is repellent. And the total ‘normal size’ factor makes me cross-eyed.In the final e-book there has been the difficulty of being ‘misshapen’. I couldn’t aid yet become aware of that during this one, whilst the Pandions are being domineering of the Elenian council, there’s the pederast Baron and Lenda and “the fats man”. Does the fats guy ever get named? fats isn’t solely an evil factor like deformity is, in those books – Platime is fats yet ways genius-ness at the council, Patriarch Emban is particularly clever, and either one of them are reliable – yet it’s nonetheless continually mentioned. There’s slightly a connection with Emban with out point out of his belly. And he makes use of that typically – to defuse tension, for example – yet I’m nonetheless now not totally ok with it.TEHANI:That’s fascinating though, simply because either Platime and Emban are important, solid characters – no longer offered as dead or undesirable people, and so i suppose I learn that as subverting the trope? even though there’s Otha...JO:Even notwithstanding Platime and Emban are sturdy and critical characters, their ‘fatness’ is pointed out a lot. Like it’s a character trait.TEHANI:Very true.ALEX:Speaking of the council, i need to claim my sympathy for Lycheas. He’s a dimwit and a pawn, yet absolutely he merits sympathy.TEHANI:Oh, I disagree! He’s now not very shiny and he’s been led off track I accept, yet i feel he knew he used to be doing wrong, and there have been instances he may have selected one other path. He used to be as hungry for energy because the remainder of them!ALEX:Hmm. Perhaps. How a lot selection did he have with a mom like that most likely poisoning him from the start? (If we settle for the basis of the story.) ... oh wait, does that shoot my concept down, not less than somewhat, on condition that is maybe precisely the this is why he’s hungry for power? Dang.JO:I imagine the Eddings set him as much as be disliked, and he easily has no say within the matter. He’s continually portrayed as snivelling and pathetic and stupid. He could or will not be hungry for power, it doesn’t matter. He’s there to be a lesser baddy that everybody can glance down on and mostly threaten to kill.ALEX:You’re asserting he’s only a narrative device? SAY IT AINT The Sapphire Rose (The Elenium #3) SO.A relatively chilling a part of this novel is the utter loss of regard for the civilians in Chyrellos, throughout the siege. It was once rather particularly disagreeable reading.JO:I locate the siege so uninteresting i must say that by no means particularly me. The scene that does stick in my brain is while Sparhawk and an unnamed soldier witness a lady dragged into an alley and relatively evidently raped (though fortunately off camera). The soldier, crying simply because she ‘could were his sister’ shoots the rapist. yet then the lady staggers out of the alley, sees her not-quite-dead rapist, takes his dagger and violently finishes the task and steals his loot. The soldier ‘retches’ and Sparhawk says “Nobody’s very civilised in these circumstances”.This scene was once regularly a WTF second for me. when you think about Sparhawk’s career, what approximately her activities lead them to ‘uncivilised’, exactly? He does a lot worse issues to humans and is rewarded for them! Is it simply because she’s a woman? Or simply because she’s no longer a Church Knight and it’s ok once they do it. Or simply because she took the loot? I mean, seriously...?ALEX:Yes!! This!! i used to be so indignant at that response from the lads – who’re secure on such a lot of degrees from this type of factor – getting all uppity approximately her taking revenge. I don’t like her doing it either, yet I don’t just like the preliminary rape even more.I cried at Kurik’s funeral. now not at his dying – that each one occurred too fast, i feel – but if I acquired to the funeral...well, i used to be happy

to be through myself. However, i'm nonetheless suspicious of the belief of Aslade being rather so accommodating of Elys. JO:Kurik *sniff* :(TEHANI:And you know, none of that enterprise rather makes sense. Kurik is portrayed as steadfast, loyal, ethical and very really upright (even uptight?), so the very fact he cheated on Aslade (and their 4 sons, essentially) is, well, just a little weird. It was once an invaluable option to have Talen very important to the group, I guess, however the personality course is especially odd. ALEX:YES. additionally it makes adultery thoroughly fine, which... i do know there are alternative ways of doing relationships than 'conventional' monogamy, and so on etc, yet no longer inside of THIS world's framework – every person else who does that's appeared severely. while Sparhawk and so on are all, "dude, no worries! every person sleeps round sometime, The Sapphire Rose (The Elenium #3) the wimmens is so beautiful we can't aid it!" JO:YES from me too. by no means felt correct to me for precisely these reasons. TEHANI:I do just like the approach the Kurik's sons speak about their "mothers" within the later books The Sapphire Rose (The Elenium #3) though. That said, remembering I learn the Tamuli trilogy first, i used to be really definite Aslade and Elys were either married to Kurik, the best way they're observed there! JO:Heh yes. i will imagine. even though i used to be consistently pleased with Aslade and Elys for with the ability to The Sapphire Rose (The Elenium #3) set aside their capability clash and simply get on with life. So frequently the relationships among ladies are portrayed as bitchy, jealous, spiteful things. and customarily its over the eye of a man. So I savour that they went down the other path. Actually, within the Tamuli there are many extra examples of robust girl friendship too. TEHANI:Some extra perpetuation of stereotypes here, too. during this case, the mood of the red-head: In Delada's case all of the cliches approximately red-haired humans looked as if it would apply. The Sapphire Rose (The Elenium #3) (p. 282 of my version). JO:Yeah i assumed they obtained a bit over excited with that! TEHANI:And what the heck is The Sapphire Rose (The Elenium #3) that this little bit of elitism? Stragen says, Whores and thieves aren't quite very stimulating companions... (p. 410 of my version). Um, good Talen and Platime AND HIMSELF are thieves and all awarded as fairly stimulating! The whores get a poorer presentation, yet still! ALEX:That bit additionally made me very cranky. back with some of the best attitude. TEHANI:And this lousy little bit of Ehlana characterisation: "Would you all brain too extraordinarily much?" The Sapphire Rose (The Elenium #3) Ehlana requested them in a The Sapphire Rose (The Elenium #3) little-girl kind of voice. YUCK! the lady is a queen, and completely in control of herself and the ability she wields, but she inns to that (for no reason, anyway!)?! No! We talked a section approximately this in a single of the sooner reviews, how The Sapphire Rose (The Elenium #3) the ladies themselves are meant to be powerful, and there are a substantial amount of them, that is nice, however the genuine presentation of them particularly undermines this at times. JO:Yes! this can be what's been frustrating me the entire time, and it merely will get worse because the sequence is going on. Doesn't topic how powerful a girl is, she nonetheless lodges The Sapphire Rose (The Elenium #3) to hissy suits and theatrics or childishness to both get what she wants, or primarily hold regulate of the 'relationship'. Even Sephrenia does it within the later books! It simply feels to me just like the books think that deep down, girls are irrational children. OR that they are going to hotel to performing like them as a manner of protecting their males in line. JO:Am I the one one that reveals Ehlana's speech to the council a little...difficult to believe. a lot of these supposedly hardened politicians/Patriarchs thoroughly suckered in via her 'divinely inspired' speech? simply because she's pretty, or something? and since she 'fainted'? TEHANI:I have this sort of diverse view of the Patriarchs to you! I constantly learn ANY of these political gatherings as being a number of little boys simply

grabbing for power, not one of the “hardened” politicians at all! In fact, Eddings turns out to have little or no appreciation for political platforms The Sapphire Rose (The Elenium #3) at all. They’re all corrupt or useless! ALEX: I don’t imagine they’re intended to appear like that, yet they typically do – and it’s one other factor that annoys me in regards to the Eddings portrayal of religion, simply because it’s simply one other example of politics and back there’s rather a lot of uselessness and crafty and unpleasantness. Also, Ehlana manipulates them, and that I imagine it manages to make her glance foolish – conniving and unsafe with the utilizing female issues in risky methods – AND it The Sapphire Rose (The Elenium #3) makes the Patriarchs glance foolish for falling for such obvious, female strategies. strategy to opt for insulting teams there! JO: Last time I acknowledged that I discovered The Ruby Knight much faster-paced and extra stress-free than I remembered. I must The Sapphire Rose (The Elenium #3) say the other for The Sapphire Rose. Oh god I used to be so unwell of the siege by the point The Sapphire Rose (The Elenium #3) it ended, and it looked as if it would take eternally to get to Zemoch. It felt like rather a lot of padding. simply spoil Azash already! TEHANI: Some very good examples of Faran the human horse again: Faran made a different element of grinding his The Sapphire Rose (The Elenium #3) steel-shod hooves right into a variety of very delicate locations at the officer’s body. “Feel larger now?” Sparhawk requested his horse. Faran nicked wickedly. (p. one hundred fifty five my version) JO: I may possibly summarise the plot back yet you most likely don’t wish me to do this this The Sapphire Rose (The Elenium #3) time! They healing Ehlana. She’s all grown up now and in love with Sparhawk. They ‘accidentally’ get engaged. Off to Chyrellos to prevent Annias being elected Archprelate. There’s a siege which works on forever. Then Wargun and Ehlana ensue and the siege is over. Ehlana and Sparhawk get married. They visit Zemoch with Bhelloom to kill Azash. It takes forever. They get to Zemoch. Kurik dies. Martel dies. Otha and Annias die. Azash dies. Lycheas dies. Arissa kills herself. They go back to Cimmura. Everything’s peaceful, yet kinda crappy, as the gods are shell-shocked by way of Azash’s death. Danae happens. Eventually, Aphrael and everybody move on vacation trips and spring returns. ALEX: Nice paintings there, Jo. I might add: Sparhawk and Ehlana get married within the similar manner individual could purchase a horse; Martel dies yet everyone’s genuine sad, simply because really he was once respectable and simply led astray, y’know? And “Danae happens” signifies that a goddess is incarnate in a distinct racial family members and that’s particularly kinda cool. JO: Heh, that’s awesome. TEHANI: Well, we’ve picked loads of nits within the Elenium books, yet ultimate verdict at the first three? For me, I must admit I nonetheless completely loved analyzing them, with grins and tears throughout, and the comfortable blanket feeling of an previous favorite that also (mostly) holds up. even if there have been certainly much more grimaces on the tough patches than while I used to be younger! ALEX: I imagine I think primarily similar to you, Tehani. it truly is a hot comfortable blanket... with moth holes and some scratchy bits... yet loads of love and thoughts preserving it together. JO: Couldn’t agree more! I would snipe at them, yet I nonetheless love those books and rereading them has been completely comforting. It additionally jogs my memory what I like approximately analyzing and writing within the first place. It’s simply so a lot fun!
