Percaya, berpikir positif, dan terus bergerak. Segala hal yang awalnya tampak mustahil bisa menjadi nyata. Of path there has to be plenty of Magic within the world, yet humans don't comprehend what it really is like or the right way to make it. maybe the start is simply to assert great issues are going to ensue until eventually you're making them happen. Tentu saja di dunia ini pasti ada banyak Sihir, tapi orang tidak tahu seperti apa bentuknya dan bagaimana membuatnya. Mungkin awalnya cukup mengatakan hal-hal baik akan terjadi sampai kau mewujudkannya. (p.256) Mary Lennox kecil adalah anak yang keras kepala, manja, kejam dan egois. Lahir di India, dia tidak dibesarkan sebagaimana mestinya. Ayahnya merupakan pejabat Inggris di India, sedangkan ibunya sibuk dengan dirinya sendiri, sehingga pengasuhannya hanya diserahkan pada pelayan pribumi. Para pelayan itu hanya menuruti apa pun kemauan Mary, tidak ada yang mendidiknya cara bersikap yang benar. Sampai suatu ketika, wabah kolera membunuh semua anggota keluarganya di India, dan Mary pun dibawa kembali ke Inggris untuk tinggal bersama pamannya di Misselthwaite Manor, di Yorkshire. Paman Mary, Mr. Archibald Craven dikenal sebagai seorang berpungung bungkuk yang pemarah dan penyendiri. Dia tinggal di rumah tua yang besar, dengan seratus kamar yang sebagian besar terkunci, dikelilingi pepohonan dan taman yang luas. Meski demikian, Mr. Craven lebih suka bepergian, dan ketika di rumah pun dia tidak ingin diganggu dan hanya mengunci diri di kamarnya. Keberadaan Mary di Misselthwaite Manor seakan tidak dianggap. Dia diberi sebuah kamar tidur dan sebuah kamar bermain, selain itu dia boleh bermain-main di taman jika mau. Tidak ada teman, tidak ada yang melayaninya seperti saat di India, dan tidak ada yang mengajarnya apa pun, selain seorang pelayan kamar seusiaanya yang bernama Martha Sowerby. Mary pun mencari kesenangan dengan mencari kegiatan sendiri. Apakah berlarian di taman, atau menjelajahi rumah saat hari hujan—yang sebenarnya tidak The Secret Garden Paper Dolls boleh dilakukannya. Perlahan sifatnya berubah, apalagi saat dia mendengar tentang taman yang ditutup selama sepuluh tahun. Konon, Mr. Craven dan istrinya dulu memiliki sebuah taman yang sangat indah. Mereka berdua sering menghabiskan waktu di taman itu, dan mereka sendiri pula yang merawatnya. Sampai sepuluh tahun yang lalu, Mrs. Craven mengalami kecelakaan di taman itu dan meninggal dunia, Mr. Craven memutuskan The Secret Garden Paper Dolls untuk mengunci taman itu dan mengubur kuncinya untuk selamanya. Mary begitu penasaran dengan taman yang disebutnya sebagai Taman Rahasia, dan dia mencurahkan waktunya untuk menyelidiki dan mencari tentang taman itu. Sifat Mary mulai melunak, dan perlahan dia belajar tata cara bersikap yang benar dari orang yang ditemuinya. Dia berteman dengan Dickon, kakak Martha yang sangat dekat dengan alam. Dickon mengetahui bahasa binatang, dan dia juga mengetahui cara menumbuhkan bunga dan pepohonan. Meski begitu, sifat serba ingin tahu Mary tidak bisa dibendung walau harus

melanggar aturan. Berkali-kali dia mendengar tangisan di dalam rumah, tapi tak ada yang mau berterus terang mengenai suara tersebut. *The Secret Garden Paper Dolls* Pada suatu malam, dia terbangun dan mendengar suara tangisan lagi. Mary mengikuti asal suara tersebut dan menemukan bahwa ada seorang anak laki-laki bernama Colin, yang tidak lain adalah putra dari pamannya. "Do you think that he desires to die?" whispered Mary. "No, yet he needs he'd by no means been born. mom she says that's th' worst factor in the world for a child. Them as isn't sought after scarce ever thrives." "Menurutmu dia ingin mati?" bisik Mary. "Tidak, tapi dia berharap dia tak pernah dilahirkan. Ibu bilang itu hal paling buruk di dunia untuk seorang anak. Mereka yang tidak diinginkan sulit untuk bertahan.(p.176) Colin, dengan sikap yang tidak lebih baik daripada Mary saat datang dari India, dan dengan sakit yang katanya akan membunuhnya suatu saat. Mengapa Colin disembunyikan? Apa yang sebenarnya dideritanya? Akankah Mary menemukan Taman Rahasia dan membuat semuanya *The Secret Garden Paper Dolls* lebih baik dari sebelumnya? Buku ini menunjukkan betapa senyuman, tawa dan kelembutan hati membuat orang bisa tampak jauh lebih sehat dan menarik ketimbang menjadi pemarah dan penggerutu. Bagaimana makhluk hidup saling berinteraksi, keseimbangan manusia dengan binatang dan tumbuhan, serta manusia dengan manusia yang lainnya. Bagaimana interaksi manusia dengan makhluk hidup lain membuat *The Secret Garden Paper Dolls* hatinya semakin lembut dan perangnya semakin baik. Bahwa setiap anak bisa berubah, bahwa yang dibutuhkan anak-anak adalah 'udara segar', bukannya rumah besar dengan fasilitas lengkap dan semua kemauannya dituruti. One of the hot issues humans started to discover within the final century used to be that thoughts—just mere thoughts—are as robust as electrical batteries—as reliable for one as sun is, or as undesirable for one as poison. Salah satu hal baru yang mulai diketahui orang dalam abad terakhir ini adalah pikiran—hanya pikiran semata—sama kuatnya dengan baterai *The Secret Garden Paper Dolls* listrik, hasilnya bisa sebaik matahari atau seburuk *The Secret Garden Paper Dolls* racun. (p.302) Terjemahan buku ini juga sangat nikmat dibaca, mengalir dan tidak ada kejanggalan. Kesalahan ketik nyaris tidak saya temukan, kecuali sebuah kesalahan deadly di halaman 200, dimana kalimat yang seharusnya diucapkan oleh Dickon, malah tertulis Colin. Penerjemahan beberapa kalimat dengan logat Yorkshire pun dialihkan dalam bahasa Indonesia dengan cukup pas. Dan, saya juga suka dengan covernya. Nature may heal, i believe that's one of many morals from this book. Mary Lennox that used to be the main disagreeable-looking baby ever seen, tyrannical and egocentric may be far better as she knew diverse people, linked to animals and no matter what contained in the garden. there has been clean air that made her extra good-looking. in order that Colin that manner a lot more fit and more suitable with the contact of nature. This publication confirmed how undesirable schooling may perhaps influence to a child, how undesirable remedy may perhaps destroy children. Burnett gave a truly undesirable heritage to a few characters, yet then they turned far better via all great things round them. That's why reliable setting is *The Secret Garden Paper Dolls* so important, in particular whilst mom and dad couldn't do their elements to teach their children. I love the writing and the idea. approximately magical issues that occurred as a result of our personal thoughts. the significance of being confident and elimination all adverse thoughts. One of the unusual issues approximately dwelling on the planet is that it is just every now and then one is kind of convinced one goes to dwell without end and ever and ever. One is aware it occasionally whilst one will get up on the delicate solemn dawn- (...). One is aware it then for a second or so. And one is aware it occasionally while one stands by way of oneself in a wooden at sundown and the mysterious deep gold stillness slanting via and below the branches seems announcing slowly repeatedly anything *The Secret Garden Paper Dolls*

one can't particularly hear, even though a lot one tries. Then occasionally the gigantic quiet of the darkish blue at evening with thousands of stars ready and looking at makes one sure; and infrequently a valid of distant tune makes it true; and occasionally a glance in a few one's eyes. Salah satu hal aneh tentang hidup di dunia adalah hanya The Secret Garden Paper Dolls sesekali saja kau sangat yakin kau akan hidup selamanya dan selama-lamanya. Kadang-kadang kau mengetahuinya saat terbangun pada fajar yang hening dan lembut, (...). Dan kadang-kadang kau tahu ketika berdiri di hutan saat matahari terbenam dan kesunyian misterius berwarna emas pekat (...). Kadang-kadang keheningan biru gelap di malam hari, (...), dan kadang-kadang suara musik di kejauhan menegaskan kenyataan itu, dan kadang-kadang tatapan di mata seseorang. (p. 231-232)
