The Transnational Dimension of Cyber Crime and Terrorism

Abraham D. Sofaer

In December 1999, greater than 40 individuals of government, industry, and academia assembled on the Hoover establishment to debate this challenge and discover attainable countermeasures. The Transnational measurement of Cyber Crime and Terrorism summarizes the convention papers and exchanges, addressing pertinent concerns in chapters that come with a evaluate of the felony tasks undertaken all over the world to strive against cyber crime, an exploration of the danger to civil aviation, research of the constitutional, legal, economic, and moral constraints on use of know-how to regulate cyber crime, a dialogue of the methods we will in attaining safeguard pursuits via foreign cooperation, and more. a lot has been stated concerning the hazard posed via around the globe cyber crime, yet little has been performed to guard opposed to it. A transnational reaction adequate to fulfill this problem is an instantaneous and compelling necessity—and this booklet The Transnational Dimension of Cyber Crime and Terrorism is a serious first step in that direction.

The Transnational Dimension Of Cyber Crime And Terrorism
