the mixing and adjustment of immigrants in Israel has lengthily been of curiosity to either social scientists and policymakers. This examine issues Jews from The Unseen Israelis Turkey who've moved to Israel among 1948 The Unseen Israelis and 1987. It explores how and why they've got performed good socially and economically in Israel, and the way they've got maintained a lot of Turkish identification whereas whilst changing into revered Israelis. The research unearths that certainly one of Turkish Israelis' special features is they The Unseen Israelis are 'un-seen,' i.e. that they have got no normal 'image' in Israel as do so much different country-of-origin groups, and that one of many components which money owed for this is often the historical past in their 500 years in Turkey. Co-published with the Jerusalem middle for Public Affairs/Center for Jewish group reviews
