The Wolves of Pilov: a fictional reconstruction of the 1927 wolf assault at the Siberian village of Pilovo. This used to be a "Wolf Winter," whilst in basic terms people had adequate nutrition to survive. Maala, the alpha male of the pack, demands an excellent Hannal of over a hundred wolves to form. They savage the village animals earlier than turning to humans. everyone is dragged from homes, muscle groups ripped from their bones, mom and dad not able to guard their children. Helpless, the villagers barricade themselves within the most powerful houses. A Soviet pilot flying over the village sees the wolves and begins a rescue attempt that ends up in the lack of lots of the soldiers. Spurred to association through this hero of the hot order, the survivors struggle again in a night of unrelenting terror.
