The World of John of Salisbury by Michael Wilks

Michael Wilks

The medieval Englishman, John of Salisbury, used to be a thinker and humanist, theologian and bishop, courtier and diplomat, poet and political thinker. This ebook presents a reassessment of his existence and work. It gains 25 papers through overseas scholars.

this can be a strong selection of attention-grabbing essays that grew to become somewhat a slog for me because of detours into French, Italian, and German, which it seems i can't relatively learn all that well. John of Salisbury is an engaging guy: quite literate, impressively well-connected, this type of cultural commentator who turns out goal first and foremost look yet relatively simply has advanced and ambivalent views on one of the most fascinating points of his age. He used to be a pupil yet disliked The World of John of Salisbury the minutia of philosophical squabbles, The World of John of Salisbury he used to be an Englishman who spent loads of his lifestyles open air of England, he dabbled in political philosophy, theology, history, law, and diplomacy. This choice of essays has a tendency to concentration extra seriously on John's educational background: there is a lot of labor reconstructing what he realized whereas and university, and from whom, really in an outstanding article by way of Pierre Riché. there is additionally a superb little bit of curiosity in John's Policraticus, his publication on political theory, and the way it healthy into the politics and highbrow currents of his period. it is an enticing learn simply because John is a really fascinating person. The articles are most likely too technical and particular to The World of John of Salisbury operate good as an creation to The World of John of Salisbury John's life, though. whatever like John of Salisbury via Cary Nederman The World of John of Salisbury could most likely paintings larger (though i have never learn it), or simply diving correct into John's political works (John of Salisbury: Policraticus) or old works (The Historia Pontificalis of John of Salisbury).
