This e-book didn't thrill me an excessive amount To Serve and Protect of - the entire tales are "ok" yet not anything more... whatever is well missing... Convince Me - 2.5* A police officer and an heiress have the hots for every different yet cannot be jointly due to their "social prestige differences". until eventually we discover out that she becomes a jaguar (?!?!?!), then the social prestige looks the least in their problems... type of a dead one... Ablaze - 2.5* He is a sizzling fireman, she is uninteresting and has belief issues... This one used to be additionally a section missing in everything... myth Bar - 3* She was once abducted and nearly crushed to loss of life ahead of killing her attacker and escaping. seems the attacker used to be a massive shot and she or he is puzzled approximately his homicide by way of a pretty detective. sizzling yet a bit too simplified and shallow, contemplating it bargains with harsh issues corresponding to rape and murder... experience a Cowboy - 3* "Older" lady (41) strikes to a small city and begins being "courted" through a "much" more youthful cowboy/policeman (it does not say how a lot younger, yet emphasizes the age difference).
