

Tom Clancy / Steve Pieczenik

TOM CLANCY'S

Special Net Force I

A person wearing a white helmet is shown from a first-person perspective inside a cockpit. The cockpit is filled with various screens and controls. The central screen displays a colorful, abstract map or data visualization. To the right, another screen shows a green and blue landscape. The background is a bright blue sky with white clouds. The overall aesthetic is futuristic and high-tech.

Todesspiel

Roman

Todesspiel (Tom Clancy's Net Force Explorers #2)

Diane Duane

Das Computerspiel "Das Reich von Sarxos" ist das beliebteste Spiel im Internet. Zahllose lovers loggen sich jede Nacht ein und führen ihre virtuellen Armeen in den Krieg. Doch plötzlich stimmt irgendetwas nicht mehr, denn einige computing device der Spieler werden zerstört. Ein anderer Spieler wird attackiert und verprügelt. Klar ist jedenfalls, irgendjemand im Reich von Sarxos nimmt das Spiel sehr ernst - zu ernst. Die Net-Force-Spezialisten Megan O'Malley und Leif Anderson werden Todesspiel (Tom Clancy's Net Force Explorers #2) auf den Fall angesetzt, denn sie kennen das Spiel am besten und wissen auch, wie guy es manipulieren kann.

vulnerable try out at myth writing Millions of individuals perform the digital truth online game of Sarxos. At any time individuals can enter, by means of logging right into a computer through an implanted connection device, the fantastic global of Sarxos, the place you could eat, drink, sleep and mainly struggle with opponents. Todesspiel (Tom Clancy's Net Force Explorers #2) Sarxos is the best break out from the day-by-day troubles. yet for a few humans this get away has turn into particularly addictive. yet all at once unusual issues are happening: lively avid gamers are being assaulted in the course of their day-by-day non-Sarxos life. Megan O'Malley, a pleased teenager, is requested Todesspiel (Tom Clancy's Net Force Explorers #2) via the internet strength employer to examine issues out. simply because she is a common participant no-one will observe that she has one other challenge at hand, not less than that's was once she thinks. If you drop the identify of Tom Clancy you instantly factor of excessive profile techno-thrillers, so whilst Clancy and Steve Pieczenik are pulled jointly to put in writing a booklet for young people a few transparent expectancies are raised. unfortunately adequate the techno-thriller point is stored to a minimal within the Deadliest Game. certainly it matters a digital truth game, yet lots of the plot is being construct contained in the online game with no utilizing an excessive amount of utilizing the concept that of digital reality. it truly is as though the gamers are being ported right into a online game and that online game turns into a narrative on its own. not anything incorrect with that, used to be isn't for the truth that that tale fast turns into tedious and boring. it truly is an test at a myth story, yet doesn't prevail to take advantage of the facility of fantasy. to assert it boldly: if ever that online game turned commercially available, i'd by no means take into consideration purchasing it.
