Topsy-Turvy Lady by Tria Barmawi

Tria Barmawi

Gladys, anak orang kaya, yang bergaya hidup hedonis tiba-tiba saja jatuh Topsy-Turvy Lady cinta pada Sandi, pria yang tak jelas asal-usulnya. Cinta itu membutakan dirinya, membuatnya memilih meninggalkan keluarga demi hidup bersama lelaki itu. Namun, bukannya membaik, hidupnya malah porak-poranda. Ia dicoret dari daftar keluarga, dan yang lebih miris, lelaki itu meninggalkannya setelah mengurus tabungannya dan meninggalkan banyak utang di kartu kreditnya. Sadar dirinya ditipu, Gladys panik dan bingung. Gladys terpaksa downsizing, menurunkan standar hidup, dan mulai mencari pekerjaan untuk menghidupi dirinya. Dengan statusnya yang masih mahasiswa, Gladys hanya bisa bekerja sebagai babysitter. Sebagai anak bungsu yang dimanja, Gladys awalnya bingung harus berurusan dengan anak kecil. Namun akhirnya ia menikmati pekerjaannya, bahkan mulai mencintai Naima, anak asuhnya... apalagi, ayah Naima tidak memperlakukannya sebagai babysitter. Sekali lagi Gladys merasakan benih-benih cinta muncul di hatinya dan ia yakin cintanya pada duren itu tak bertepuk sebelah tangan.

Menjiplak the Nanny? Saya tidak tahu seputar serial komedi situasi Amerika ini, hanya sepeinggalan informasi yang saya dapatkan di situs ensiklopedia-online gratis, wikipedia.org, di sini. Jadi, sama atau tidaknya separuh plot dari novel kesekian karya Tria ini dengan sitkom tersebut saya juga tidak tahu. Hanya saja, memang, beberapa kali dalam novel ini juga menyinggung sitkom tersebut. Saya kali pertama tahu Tria Barmawi adalah ketika booming style Metropop keluaran Gramedia lewat misplaced in Teleporter (LiT) yang sayang sekali tidak kelar saya baca berhubung tidak terlalu klik sesuai dengan selera saya (romance-comedy sci-fi? kurang pas menurut saya). Sejak saat itu saya kurang mengikuti kiprah Tria, hingga akhir tahun 2007 silam ia kembali Topsy-Turvy Lady menulis Metropop berjudul The Lunch Gossip (TLG) yang akhirnya membuat saya suka padanya. Kembali ke novel ini. Tria menyebutkan di bagian due to bahwa novel ini merupakan salah satu karyanya yang keluar dari Topsy-Turvy Lady convenience zone-nya. Sekali lagi, berhubung lama saya tidak secara kontinyu mengikuti deras gairah karya-karya Tria, saya jadi kurang Topsy-Turvy Lady ngeh dengan convenience region dari mbak yang satu ini. Apakah daerah teknologi informasi? Saya tidak tahu. Yang jelas, kalau berhubungan dengan teknologi, novel ini juga masih menghadirkan komputer sebagai penghias meskipun tidak diulas sebegitu mendalam, seperti dalam LiT atau TLG. Bergerak kelewat cepat adalah gambaran yang saya tangkap dari aliran kalimat according to kalimat yang dirangkai oleh Tria dalam novel yang sebagian besar mengupas soal dunia per-babysitter-an ini. Konflik hadir silih berganti, namun serasa sekadar numpang lewat, penghangat suasana atau pemancing minat pembaca untuk terus mengikuti alur kisah si karakter utama. Bukan tidak berhasil, sukses malah, tapi sekali lagi pergerakannya 'terlalu' kencang. Kurang fokus, mungkin adalah kata yang agak tepat untuk menggambarkannya. Kelemahan lain yang membuat kenikmatan saya 'mengunyah' novel bersampul imut ini agak kurang adalah sosok a bestfriend as an angel yang serba bisa dan selalu memberikan jawaban plus solusi atas hampir sebagian besar masalah yang dihadapi oleh karakter utama. Bukannya tidak mungkin (remember, not anything is most unlikely during this world) hanya saja agak terlalu gampang jika berulang kali si karakter utama mampu mengatasi masalahnya hanya dengan bertumpu pada seorang sahabat. Saya merasa sahabatnya itu 'terlalu' strong meskipun beberapa kali

disebutkan karakter sahabat juga memiliki titik-titik lemahnya. Alur ceritanya sendiri cukup runtut dan mengalir secara natural. Tema tak biasa namun sudah hampir sering nongol belakangan ini, selain sitcom *The Nanny*, ada juga novel yang sudah difilmkan *The Nanny Diaries* (Scarlet Johansson) atau serial televisi *Nanny 911* (MetroTV) atau *Seleb Sitter* (GlobalTV), memberikan nilai lebih untuk novel ini. Termasuk beberapa koleksi buku panduan seputar anak yang bisa dijadikan referensi bagi pembaca yang kebetulan juga kebingungan mengurus anak. How in regards to the ending? Absolutely, satisfied ending. Saya adalah salah satu pembaca yang lebih *Topsy-Turvy Lady* sreg dengan akhir yang *chuffed finishing* ketimbang *unhappy ending*. Alasan utamanya, cukup sederhana, karena si tokoh utama sudah jungkir balik dihantam pelbagai masalah jadi sudah selainnya harus berakhir dengan suatu kesenangan yang mampu membangkitkan gairah. Saya keki kalau habis membaca masih harus meratapi nasib si tokoh utama yang tentu saja selalu saya ngedumel sendiri “apa ya worthed banget saya masih mikirin si tokoh utama, padahal saya punya kehidupan sendiri yang membutuhkan konsentrasi penuh?”

Topsy Turvy Lady

A more it is to inform client to do to at your payments, a more economic you is thus prove colder in no workers how increasing your staff.
