Barb Hendee

Born a half-breed to an elven mom and human father, Leesil used to be raised within the Warlands as assassin, spy, and slave to Lord Darmouth, ruler to 1 of its autonomous provinces. yet Leesil's mom informed him too well, and he used his abilities to escape, leaving his mom and dad to undergo Darmouth's wrath for all such traitors and their kin. Now, with newfound objective within the corporation of his cherished Magiere, Leesil returns to confront the sins of his prior and discover his parents' fate. Unable to show him from this harmful course, Magiere follows Leesil Traitor to the Blood (Noble Dead Saga: Series 1 #4) Traitor to the Blood (Noble Dead Saga: Series 1 #4) into the darkness of his prior within the Warlands. realizing what could occur should still Darmouth study of Leesil's return, she is ready to slaughter any who could try and take him from her. yet Magiere's personal earlier may possibly pose a extra lethal threat. creatures of unfathomable energy proceed to stalk her — person who believes she's the foremost to his salvation, and one that seeks to spoil her... and all these she loves."This is a type of books for which the time period 'dark fantasy' used to be certainly intended." —Chronicle "...the Hendees' Saga of the Noble useless gains beneficiant helpings of blood-sucking horror and whodunit secret elements. actually overflowing with nonstop action, this cool amalgam of genres will entice readers — alive and undead — who get pleasure from taking that occasional literary stroll at the wild side." —Paul Goat Allen, Barnes & Noble Review "The Hendees' bestselling Noble useless sequence makes the jump from mass marketplace to hardcover with this Traitor to the Blood (Noble Dead Saga: Series 1 #4) successful fourth novel... fanatics of the sequence are absolute to be pleased, whereas the unconventional stands good adequate by itself to draw new readers." —Publishers Weekly "The own conflicts of the heroes reflect the bigger struggles of their international and supply an outstanding origin for this story of affection and loyalty in an international of betrayal." —Jackie Cassada, "SF/Fantasy column", Library Journal

"Was warfare schlimmer: das Vergangene zurückzuhalten, bis es einen überwältigte, oder sich hineinzustürzen und darin zu ertrinken?" S. 97 Klappentext Als Sohn einer Elfe und eines Menschen wuchs Leesil in den unabhängigen Provinzen auf. Seine Mutter bildete ihn zum Spion und Auftragsmörder aus – Fähigkeiten, die der Halbfelf später nutzte, um der Knechtschaft unter Lord Darmouth zu entfliehen. Aber das Schicksal seiner Eltern lässt ihm keine Ruhe. Zusammen mit seiner Gefährtin Magiere kehrt Leesil schließlich in seine Heimat zurück, um seine Eltern zu suchen. Doch auch die Vampirjägerin wird von ihrer Vergangenheit verfolgt: Zwei unvorstellbar mächtige Wesen haben es auf ihr Leben abgesehen. Meine Meinung Also ich muss jetzt erstmal used to be zum hide loswerden, die sind sich ja sehr ähnlich und sehen auch toll aus; aber bis auf den ersten Band wirken sie eher wie eine romantische Vampirgeschichte auf mich - was once die Reihe eindeutig nicht ist! Es gibt zwar eine ganz in depth Liebe, die sich langsam entwickelt, aber doch meistens im Hintergrund bleibt. Hauptsächlich geht es hier eher um blutrünstige Vampire, grausame Tyrannen und einen Krieg, der durchs Land zieht. Verlassene Dörfer und hungernde Menschen bestimmen das Bild dieser Welt und überall lauern Verräter und Spione. Die düstere, hoffnungslose Stimmung wird wieder sehr intestine eingefangen, der Schreibstil ist ruhig und intensiv, stellenweise zieht es

sich aber auch etwas. Magiere ist ja mittlerweile mit dem Halb-Elfen Leesil, der Weisen Wynn und dem Hund Chap auf der Flucht vor dem Nekromanten Ubâd Richtung Norden unterwegs. guy erfährt einiges über Leesils Vergangenheit und dass er in seiner alten Heimat Venjetz in Erfahrung bringen möchte, ob seine Eltern damals die Flucht tatsächlich überlebt haben. Immer mehr Hintergründe werden aufgedeckt und im Fokus steht hier vor allem der über Leichen gehende Lord Darmouth, bei Traitor to the Blood (Noble Dead Saga: Series 1 #4) dem Leesils Eltern gezwungenermaßen im Dienst waren und vor dessen Macht der Halbfelf vor so vielen Jahren geflohen ist. Aber auch Welstiel, der ewige Schatten, lässt Magiere nicht aus den Augen in der Hoffnung, dass die Dhampir ihn endlich zu dem machtvollen Gegenstand führt, der ihn von seinem ewigen Leiden erlöst. Und natürlich Chap, ein treuer Gefährte, aber alles andere als ein gewöhnlicher Hund - sein wirklicher Auftrag bleibt für mich noch im Dunkeln. Aber endlich erfährt guy mehr und grade seine Rolle in dieser Geschichte wird sehr berührend und anschaulich beschrieben. Vor allem Leesil verändert sich sehr: von dem Trunkenbold, der all sein Geld verspielt und seine Erinnerungen verdrängt ist nicht mehr viel übrig. Seine Liebe lässt ihn neue Prioritäten setzen und die Begegnung mit seiner Heimat reißt alte Wunden wieder auf, die nicht so schnell heilen werden. Die Perspektiven wechseln wieder, wodurch guy einen guten Überblick erhält; wobei mir die Hintergründe manchmal sehr komplex erscheinen. Vielleicht auch, weil die anderen Bände schon eine Weile her sind. guy muss ganz schön aufpassen, damit guy bei der Handlung nicht den Faden verliert. In der Mitte gab es einen kleinen Durchhänger und insgesamt hatte dieser Band einige Längen und etwas viele Zufälle. Dafür conflict das letzte Drittel wieder sehr spannend, auch wenn es etwas in die Länge gezogen wurde - das Ende bietet allerdings wieder einen Cliffhanger und ich bin sehr gespannt, wie die Reise dieser seltsamen Truppe weitergehen wird! Fazit Gegenüber den Vorgängern hat dieser Band etwas schlechter abgeschnitten, trotzdem hat mich die Handlung überzeugt und ich hab die Charaktere einfach ins Herz geschlossen! Werde die Fortsetzung auf jeden Fall lesen! © Aleshanee Weltenwanderer Dhampir Reihe 1 - Halbblut 2 - Seelendieb 3 - Dunkelland 4 - Blutsverrat 5 - Schattenherz 6 - Götterjagd 7 - Vergessene Zeit 8 - Steinerne Flut
